3. Foreword by Mayor	4
4. IDP Review Context	5-12
5. Situational analysis	13-44
5.1. Spatial Analysis	13-16
5.2. Socio-economic analysis	17-19
5.3. Local Economic Development Analysis	19-21
5.4. Environmental Analysis	21-29
5.5. Basic services and Infrastructure analysis	30-35
5.6. Social analysis	35-39
5.7. Institutional transformation and Development	39-40
5.8. Financial Viability and Management	41-42
5.9. Good Governance and Public Participation	42-44
6. Municipal Priorities	45-56
7. Strategies phase	57-67
8. Projects phase	68-86
8.1. Municipal Projects	68-84
8.2. Projects by CDM	85
8.3. Projects by Sector Departments and other institutions	86
9. Integration phase	87-93
10. Annexures	94
10.1. Draft Budget 2014-15	
10.2. Draft Organizational Structure 2014/15	

## 2. List of Abbreviations

AA	Affirmative Action
ABET	Adult Basic Education and Training
AIDS	Acquired Immuno Deficiency Syndrome
CBO	Community Based Organisation
CBP	Community Based Planning
CDM	Capricorn District Municipality
CMIP	Consolidated Municipal Infrastructure Programme
CPF	Community Police Forum
DBSA	Development Bank of Southern Africa
DMR	Department of Minerals Resources
DoE	Department of Education
CoGTA	Department of Cooperative Governance and Traditional Affairs
CoGHSTA	Cooperative Governance Human Settlement and Traditional Affairs
DWA	Department of Water Affairs
EE	Employment Equity
EEP	Employment Equity Plan
ECD	Early Childhood Development
EIA	Environmental Impact Assessment
EXCO	Executive Committee
IDP	Integrated Development Planning
IDZ	Industrial Development Zone
IGR	Intergovernmental Relations
IT	Information Technology
ITP	Integrated Transport Plan
KPA'S	Key Performance Area
KPI'S	Key Performance Indicator
LBSC	Local Business Service Centre
LDO'S	Land Development Objectives
LED	Local Economic Development
LSP	Local Service Point
LGFMG	Local Government Finance Management Grant
MDG	Millennium Development Goals
MEC	Member of Executive Committee
MGP	Municipal Growth Point
MIG	Municipal Infrastructure Grant
MSIG	Municipal System Improvement Grant
NDP	National Development Plan
NGO'S	Non Governmental Organisation
NT	National Targets
PCP	Population Concentration Point

<b>LEGDP</b>	<b>Limpopo Employment, Growth and Development Plan</b>
<b>PHP</b>	<b>People Housing Programme</b>
<b>PMS</b>	<b>Performance Management System</b>
<b>PPP'S</b>	<b>Public Private Partnership</b>
<b>RDP</b>	<b>Reconstruction and Development Programme</b>
<b>SALGA</b>	<b>South African Local Government Association</b>
<b>SAMWU</b>	<b>South African Municipal Workers Union</b>
<b>SANRAL</b>	<b>South African National Road Agency Limited</b>
<b>SAPS</b>	<b>South African Police Services</b>
<b>SCM</b>	<b>Supply Chain Management</b>
<b>SDF</b>	<b>Spatial Development Framework</b>
<b>SMME</b>	<b>Small Medium and Micro Enterprise</b>
<b>WSP</b>	<b>Workplace Skills Programme</b>
<b>WSP</b>	<b>Water Service Provider</b>

### **3. Mayor's Foreword**

April 2014 ushers in 20 years of uninterrupted service to our communities. As we celebrate freedom month let us look back with pride. Over the past twenty years we have been able to improve the lives of residence of Aganang Municipality for the better. We remain resolute on this noble goal

Aganang Municipality with assistance of sector departments, parastatals and Capricorn District Municipality has been able to provide water, electricity, sanitation, houses, free basic services, tarred roads, crèches, community halls, free primary and secondary education, social grants, clinics etc. Through EPWP, LED and CWP programmes we have been able to create jobs and provide skills to our Communities.

Once again, as provided for in terms of Sec 34 of Municipal Systems Act no 32 of 2000, we are calling upon all Communities and Community stakeholders to join us as we review the 2013/14 IDP/Budget in view of the 2014/15 financial year. Integrated Development Plan is the only vehicle through which services can be provided. Let us therefore make valuable contributions to this so that we emerge with a realistic plan for the continued development of our Communities

Mmogo re tla kgona

Her Worship  
Cllr MM Mokobodi

# 4. IDP Review Context

## 4.1. Legal Framework

Municipalities constitute the last layer of spheres of government in a Democratic South Africa. They (Municipalities) are spheres of government at the coal phase because that is where services are rendered to communities. In terms of the Constitution of the Republic of South Africa Act no 108 of 1996 Municipalities were established with the following objects;

### Objects of Local Government

- Provide Services to the Communities in a sustainable manner
- Provide democratic government to Communities
- Promote local economic development
- Promote safe and healthy environment
- Encourage involvement of communities and Community organization in matters of local government

It against this backdrop that Municipalities have to develop Integrated development plans as vehicle or platform for spheres of government and other role players to converge to realize the objects of local government as indicated above

## 4.2. Legislations and Policies that guides and informs IDP Process

The following lists are some of the legislations and policies that are critical and central to the IDP development process:

<b>Act/Policy</b>	<b>Description/focus</b>
Spatial Planning and Land use Management Act no of 2013	Prescribe land development procedures based on the principles of integrated planning, optimal use of existing resources and the promotion of sustainable development. Repeal all legislation that where dealing with spatial planning in South Africa.
Batho Pele White Paper of 1997	Make provision for eight batho pele principles which should guide conduct of public service in providing services to the communities.
White Paper on Local Government of 1998	White paper on local government paper provides policy clarity the kind of local government needed to democratize and facilitate delivery of services to all communities. it describe the developmental responsibility of local government

<b>Act/Policy</b>	<b>Description/focus</b>
Municipal Systems Act no 32 of 2000	Municipal systems act guides the development and review of the Municipal IDP/Budget. Chapter 5 of the Act is specifically dedicated towards clarify the IDP development and review processes.
Municipal Finance Management Act no 56 of 2003	To secure sound and sustainable management of the financial affairs of the municipalities and other institutions in local government. It provides clarity on municipal budgetary process and how these budgets must be utilized
Intergovernmental relations framework Act no 13 of 2005	This provides clarity on how all the three spheres of government must work together.
National Environmental Management Act no 107 of 1998	Provide guidance on issues of environmental management and how Municipalities can integrate issues of environment into development. It identifies economic, social and environmental issues as pillars of sustainable development. make provision environmental impact assessment as an instrument that can used to assess the negative and positive impacts of proposed projects ad recommend to mitigate potential negative impacts and enhance the positive impacts
Local Agenda 21	This advocates for governments including municipalities to engage in sustainable development. Development so that future generations can still be able to survive. Local authorities must work in partnership with their communities
Millennium Development Goals	Identifies eight millennium development goals that all nations must achieve by 2015.it advocates amongst others halving poverty, universal primary education, global partnership for development, improved environmental sustainability, reducing child mortality, reducing maternal mortality, eliminating gender disparity and halting the spread of HIV/Aids
National Spatial Development Perspective (NSDP)	It provides for focusing of development on areas of potential as a catalyst towards improvement of lives of communities. areas of potential or nodal points should be prioritized for infrastructure investment.
Limpopo, Employment, Growth and Development plan (LEGDP)	It is plan that geared towards economic growth and job creation in the province and different role players can contribute towards achievement of targets of LEGDP. It identifies 3 programmes as main drivers of LEGDP.
Traditional leadership and Governance Act 41 of 2003	Promotes and clarify roles between Municipalities and Traditional authorities.

<b>Act/Policy</b>	<b>Description/focus</b>
New Growth path	Focuses on creating decent work, reducing inequality and defeating poverty through restructuring of South African economy
National Development Plan	Provide a vision for development for next 30 yrs. Municipalities must contribute towards realization of this vision

### **4.3. Government Priority Strategies**

#### **4.3.1. National Development Plan**

The National Development plan has been crafted as a vision 2030 development road map for the country.

The following are pillars of the plan;

- Mobilization of all South Africans
- Active engagement of citizens in their own development
- Expansion of the economy & making growth inclusive
- Building of key capabilities (human, physical & Institutional)
- Building a capable and developmental state
- Fostering strong leadership throughout society

#### **4.3.1. Five Key National Priorities**

- Creation of decent work and sustainable livelihoods
- Education
- Health
- Rural development and food security
- The fight against crime and corruption

#### **4.3.2. Twelve National Outcomes**

In pursuit of the above state five key priorities twelve national outcomes were developed to guide the programmes of department, parastatals, municipalities and civil society in general.

- Improve the quality of basic education
- Improve health and life expectancy
- All people in South Africa protected and feel safe
- Decent employment through inclusive economic growth
- A skilled and capable workforce to support inclusive growth
- An efficient, competitive and responsive economic infrastructure network
- Vibrant, equitable and sustainable rural communities and food security
- Sustainable human settlements and improved quality of household life
- A response and accountable, effective and efficient local government system
- Protection and enhancement of environmental assets and natural resources
- A better South Africa, a better and safer Africa and world

- A developmental-oriented public service and inclusive citizenry

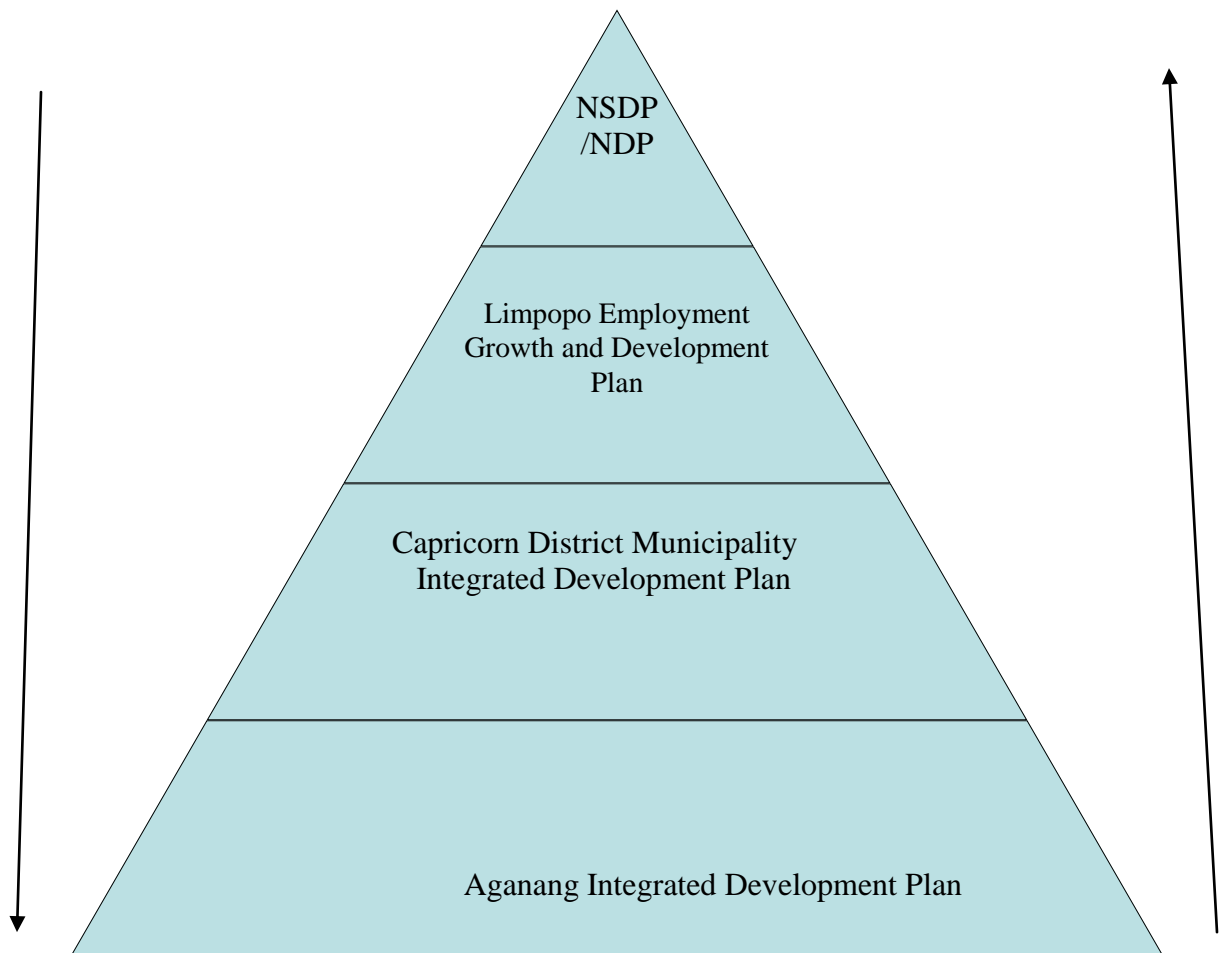

#### 4.4. Powers and Functions of Aganang Municipality

In terms of Constitution, Municipal Structures Act and Section 12 as promulgated by MEC of Local Government and Housing, Aganang Municipality has the following powers and functions:

<b>Powers &amp; Functions</b>	<b>Performed</b>	<b>Areas of performance</b>	<b>Not performed</b>
Municipal planning	X	IDP, SDF, LUMS, site demarcations	
Child care facilities	X	Provision of infrastructure	
Building regulations	X	Allocate sites, provide proof of residence	
Air pollution			X
Local tourism			X
Trading regulations	X	Allocate business sites, development of by-laws	
Water			X
Bill boards and the display of advertisement in public places	X	Construction and development of by-laws	
Cemeteries, funeral parlours and crematoria	X	Infrastructure provisioning and development of by-laws	
Control of public nuisances			X
Fencing and fences			X
Local sports facilities	X	Maintenance and infrastructure provision.	
Traffic and parking	X	Motor Vehicle Licensing & DLTC and law enforcement	
Street trading	X	Provision of market stalls, support to informal businesses	
Refuse removal ,refuse dumps and solid waste	X	Litter picking and street cleaning	
Municipal parks and recreation			X
Municipal abattoirs			X
Markets	X	Construction of market stalls	X
Noise pollution			X
Municipal roads	X	Tarring of internal streets grading and construction of bridges	
Licensing and control of undertakings that sell food to the public			X
Pounds	X	Regulation and infrastructure provisioning	
Public places			X
Licensing of dogs			X
Street lighting	X	Provision of Apollo lights & street lights	

#### 4.5. Integrated Development Planning Perspective

Integrated Development Planning is an expression of government plan at local level. In essence it is the plan that must incorporate all spheres of government plans for development and delivery of services to all Communities of the Municipality. The local municipality IDP must thus be aligned to the District IDP, Limpopo, employment, growth and Development plan and National Spatial Development Perspective. The table below illustrates these linkages.

## 4.6. IDP/Budget Review Structures & Processes

### IDP/Budget Review Structures

Structure	Role/s
Council	Approves IDP & Budget process plan, IDP & Budget, SDBIP Monitor IDP Progress Ensure involvement of stakeholders in IDP/Budget processes
Ward Councillors & Ward Committees	Represents the interests of their Wards in the IDP/Budget processes Submit Community needs
Traditional Leaders	Represents the interests of their Communities
Executive Committee	Responsible for overall Management and coordination of the IDP/Budget processes Chair the Representative Forum
IDP/Budget Steering Committee	Steers the IDP/Budget review processes Considers inputs into the IDP/Budget
IDP/Budget Clusters/Departments	Provide cluster or departmental expertise in the IDP/Budget processes. Provide technical support to IDP/Budget processes
IDP Representative Forum	Platform of stakeholders for provision of inputs to IDP/Budget processes
Communities	Communicate their needs and priorities through Ward Committees, Ward Councillors and through village, Ward based meeting and Izimbizos.

### 4.7. IDP/Budget Review Processes

IDP/Budget Review framework was developed and adopted on the 30 August 2013. The IDP/Budget review process was driven by the IDP/Budget steering committee. A number of varying activities were followed amongst others; IDP/Budget steering meetings, IDP/Budget Rep forum and Exco Strategic planning. The table below illustrates the process followed:

Activity	Description
IDP/Budget Process plan	The process plan was developed and adopted by Council on the 30 August 2013
IDP/Budget Cluster/Departmental meetings	Cluster meetings were convened to give technical input into the IDP Process
IDP/Budget Steering Committee	Steering committee meetings were convened on monthly basis to steer the process of the IDP Review process

<b>Activity</b>	<b>Description</b>
1 <sup>st</sup> IDP/Budget Rep Forum	1 <sup>st</sup> IDP Rep Forum was convened and constituted on 18 October 2013 and Aganang status quo report was tabled
Local IGR	The local IGR meetings were convened to source inputs
Departmental Strategic Planning sessions	Held to prepare departmental plans into the IDP/Budget review process
Exco Strategic planning	Exco strategic planning was convened to take the review process forward

#### **4.8. MEC' IDP Assessment Report**

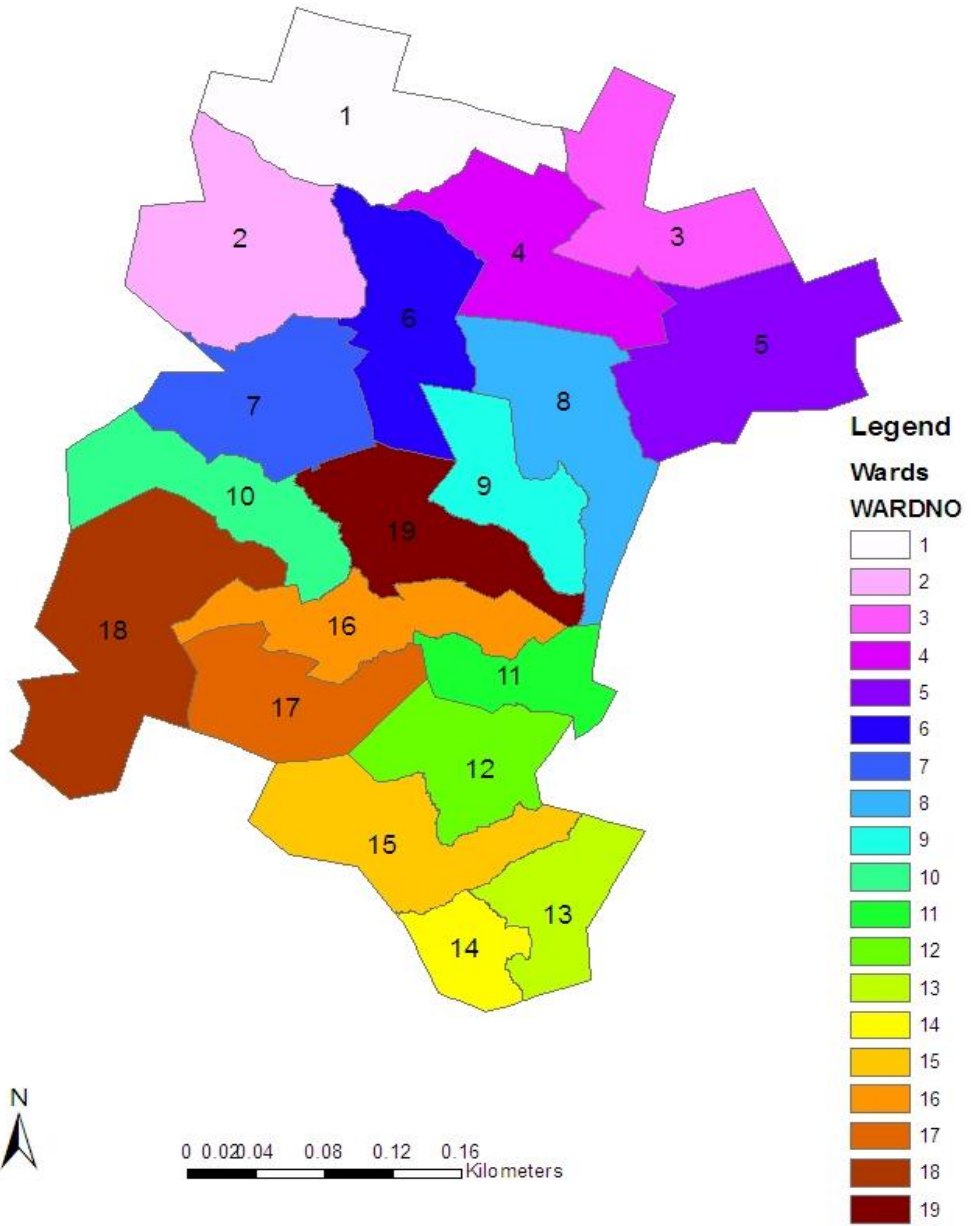

The annual MEC's Assessment of IDP's forms the basis of the review processes of the IDP and Budget. Issues raised by the assessment report are considered in the next cycle of the IDP review. In preparation of this Draft IDP/Budget 2014/2015 consideration was made to the IDP assessment report of 2013/2014.

The following are some of the issues raised by the MEC' IDP Assessment report and were taken up within the IDP/Budget 2014/15 review process.

<b>Issue raised</b>	<b>Action /Progress</b>
Unavailability of some sector plans	Municipality will continue to engage other stakeholders for assistance with the development of sector plans.
Development of strategies and objectives on roads and storm water	Strategies have been included
Unavailability of projects on public transport	Municipality will continue engage other stakeholders for intervention on public transport issues
Inclusion of maps	A map on Municipal nodal points and Municipal wards have been included
No indication of land status of land claims	Land claims within the district and Municipality has been included
No indication of skills base within the Municipality	Skills base will be indicated in the 2014/15 IDP

# Aganang Wards

# 5. Situational Analysis

## 5.1. Spatial Analysis

### 5.1.1. Location of the Municipality

Aganang Municipality is situated 45 kilometers west of Polokwane. It is comprised of 105 villages and it is divided into 19 Wards. It covers an area of about 1 852 22 km<sup>2</sup>. It is a rural Municipality and has 4 Traditional Authorities namely Moletši, Matlala, Maraba and Mashashane. It is the fourth densely populated Municipality within Capricorn District and has a population of 131 164 and total of 33 918 households (Census 2011).

### 5.1.2. Key Challenges and Opportunities

Aganang Municipality is purely rural and has no township. In terms of Aganang Spatial Development Framework (SDF) it has potential in Agriculture and Tourism but has challenges of providing Infrastructure & Basic Services to the community, Local Economic Development and developing a revenue base. It has a potential of developing nodal points as identified by the SDF i.e. Rampuru-Ceres, Mashashane, Madietane, Kalkspruit & Tibane.

Area	Key Challenges	Opportunities
Infrastructure & Basic Services	Basic service backlogs i.e. no bulk services	Opportunity to grow the economy through Infrastructure and basic services delivery
Institutional Capacity & Transformation	Retention of skilled personnel	Opportunity to grow as an emerging Municipality
Good Governance & Public Participation	Development and capacitating of Communities in order to effect meaningful participation.	Communities are eager to be involved in Municipal activities and programmes
Financial Viability & Management	Lack of Revenue base	Development of alternative revenue sources
Local Economic Development	Lack of secondary economic activities No major economic activities	Potential to grow economically
Spatial & Environmental	Land ownership is still mainly in the hands of Traditional Authority. Development of growth points, population concentration points and corridors.	Enough land for multiple land use. Piloting LUMS

### 5.1.3. Aganang SDF & LUMS

The Municipality has reviewed the Spatial Development Framework (SDF 2010). The Spatial Development Framework provides direction to development and is further aligned to the District SDF, Limpopo, Employment, Growth and Development Plan and National Spatial Development Perspective. Linked to the SDF the Municipality has developed and adopted the land use management scheme which guides land use applications within the Municipality. Aganang SDF further identifies varying developmental potentials within the Municipality. These comprise of Municipal growth point, Population concentration points, Local service points and Municipal corridors.

### 5.1.4. Hierarchy of settlements

Settlement Order	Description	Area within the Municipality	Potential
1 <sup>st</sup> Order	Municipal Growth point(MGP)	Ceres-Rampuru	It is the development hub of the Municipality and as such a strategic area for investment
2 <sup>nd</sup> Order	Population concentration points(PCP)	Ceres, Mashashane and Setumong	Areas where most of the population of the Municipality resides Potential for market
3 <sup>rd</sup> Order	Local Service points(LSP)	Kalkspruit & Tibane	Strategic areas for business development and activities
4 <sup>th</sup> Order	Small settlements	All villages within the Municipality	Areas where Communities stay and where services are needed

### 5.1.5. Status of Land Claims in the District

Municipality	No of claims	No of claims awaiting final settlement	No claims gazetted	No research claims approved	Municipal area backlogs /Outstanding	Claimed Land (ha) (%)
Aganang	1	2	0	0		15.1
Blouberg	2	2	0	0	7 awaiting approval	30.5
Lepelle-Nkumpi	0	1	1	1	9 awaiting approval	23.7
Molemole	0	3	1	0		11.8
Polokwane	4	6	10	0	119 awaiting approval	18.8
Capricorn	7	14	12	1	135	100

Source: Department of rural development and land reform, 2012

### 5.1.6. Municipal Corridors

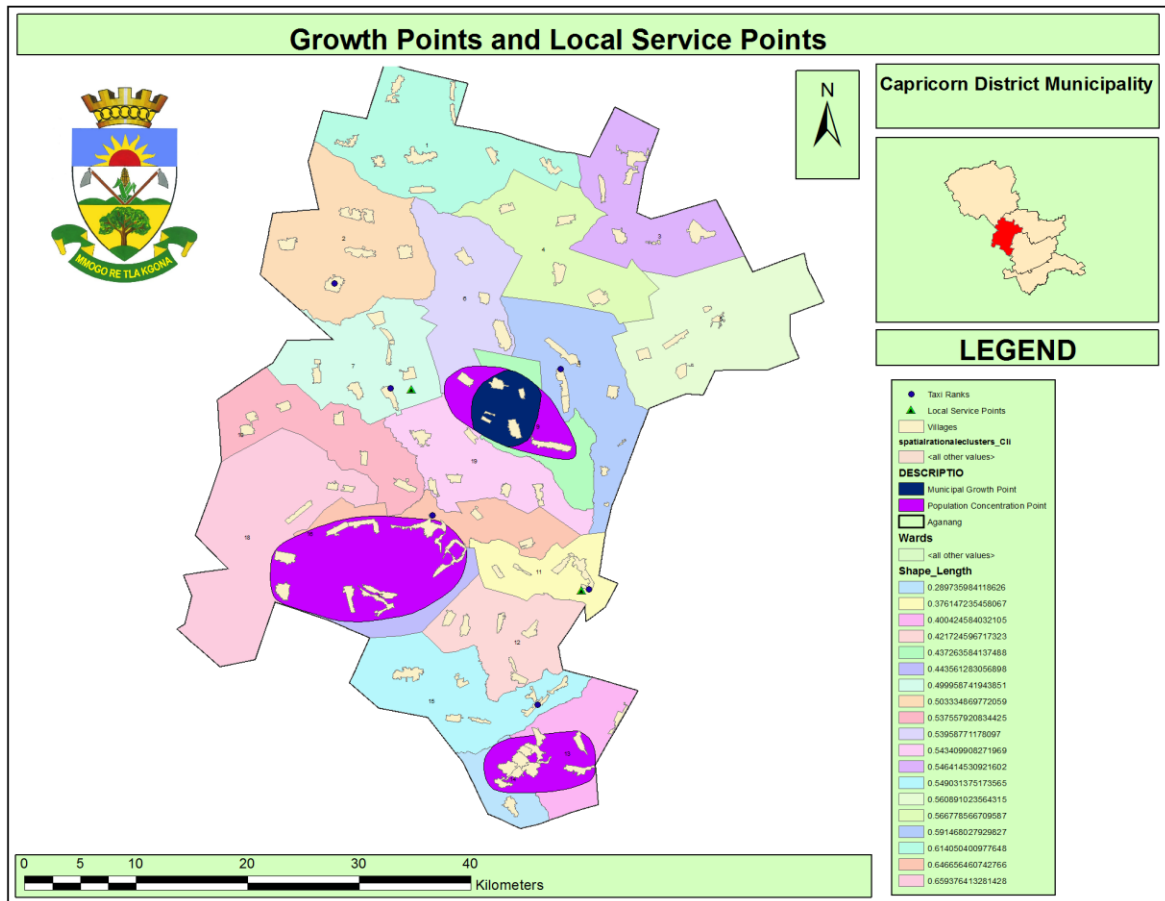

The municipal area is well served by roads consisting of a network of different order linking the various settlements with each other and with urban areas such as Polokwane and Mokopane. The most important roads are:

- Gilead Road (District Road D3390) that traverses the municipal area from east to west linking the municipal area with Polokwane and National Road N11 (Mokopane - Groblersbrug);
- National Road N11 located on the western boundary of the municipal area, linking the municipal area with Mokopane and Botswana via Groblersbrug;
- District Road D544 (tarred Percy Fyfe road) linking the Ga Mashashane cluster area with Polokwane; and
- District Road D19 (tarred to Tibane) linking several villages (Kalkspruit, Ga-Ramakara, etc.) with Polokwane.

### 5.1.6. Spatial Challenges

- Municipality is purely rural.
- There is no proclaimed township
- Attraction of investment to develop areas as identified by the SDF
- Inadequate funds provision of the requisite bulk infrastructure services to areas of potential for development of the Municipality
- Unavailability of land for development
- Land turner upgrading within the Municipality
- Implementation of land use management scheme poses a challenge.
- Land claims

The map above depicts the Municipal growth point, population concentration points and local service points.

## 5.2. Socio-economic analysis

### 5.2.1. Demographic Analysis

### 5.2.2. Population

Aganang Municipality has 105 villages and the total population of the Municipality is 131 164 and total number of household is 33 918. The average household size is 4. This is mainly as a result of the demarcation process.

Number of wards	Number of villages	Total Population	Total households	Average household size
19	105	131 164	33 918	4

**Table 2: Census 2011**

### 5.2.3. Focus Groups

The majority of the population of Aganang Local Municipality is mainly women and youth. The implication thereof is that more programmes should be geared towards women empowerment and youth development programmes. The table 3 below illustrates the distribution of population in terms of gender and disability.

Gender	Total Number
Male	59 171
Female	71 992
Children(0-13 yrs)	45 560
Youth (14-35 yrs)	44 742
Adults (36-60 yrs)	23 875
Elderly (61 & above)	16 987

**Table 3: Census 2011**

#### 5.2.4. Income & Employment

Category	Total Number
Employed	11400
Unemployed	11581
Discouraged job seekers	3996
Not economically active	42 083
Not applicable	62102
Income	Total Number
No income	4490
R1-R4800	1880
R4801-R R9600	3548
R9601-R19600	9916
R19601-R38 200	8547
R38201-R76400	2982
R76401-R 153 800	1422
R153801-R 307 600	784
R 307 601 –R 614 400	287
R 614 401 – R 1 228 800	41
R 1 228 801 – R 2 457 600	15
R 2 457 601 or more	21

**Table: 4 Census 2011**

Table 4 above illustrates income and employment status within the municipality. Majority of people are not economically active and further that most of the household do not have income.

#### 5.2.5. Labour Force

The diagram above indicates sector contribution to the labour force within the Municipality. The larger percentage of the labour force reside with the public service followed by private sector and farming.

#### **5.2.6. Developmental challenges**

- The above scenario poses a challenge for the Municipality to robustly engage in employment creation initiatives that can turnaround the situation of the Communities for sustainable livelihoods.
- Mainstreaming of special focus groups

### **5.3. Economic Analysis**

#### **5.3.1. Economic Analysis**

Aganang Municipality is predominantly rural however it has potential to grow in both primary and secondary economic activities. This refers to both production and manufacturing activities. Currently there are no major economic activities taking place except subsistence initiatives. The municipality has developed and adopted both LED Strategy and LED plan. The LED Strategy identifies agriculture and tourism as the key economic drivers of the Municipality. These areas further are in line with key economic drivers of the economy of Limpopo province as identified by Limpopo Economic Growth Development Plan (LEGDP). However a lot of work still needs to be done to take both agriculture and tourism to another level.

#### **5.3.2. Primary economic activities**

The economic activities that take place within the Municipality are mainly agriculture and Community based projects initiatives.

#### **5.3.3. Agricultural activities**

Most Communities of Aganang Municipality plough maize and keep livestock like cattle, goats, sheep etc for subsistence. This activity is done in almost every village within the Municipality.

The success of crop farming depends on amount of rain per rainy season.

#### **5.3.4. Community based projects**

There are a number of community based projects initiatives that are running within the Municipality. These range from poultry farming, goat and cattle projects, egg production and vegetables production.

#### **5.3.5. Secondary economic activities**

There are no major manufacturing activities taking place within the Municipality despite activities of poultry farming, maize farming, brick making, paper production et cetera.

### **5.3.6. Tourism**

There are areas of potential within the Municipality with regard to tourism. Areas identified are Matlala game reserve (Mogoshi Mountains), Utjane dam and Ratang Baeng game reserve. A lot of efforts have to be put in order to tap into the potentiality of these areas. The picture below shows some tourist potential at Mogoshi Mountains at Matlala a Thaba.

**Mogoshi Mountains in Matlala a Thaba (Ward 16)**

### **5.3.7. Mining**

There are no mining activities within the Municipality however explorations are underway to check feasibility of platinum in deposits in the south western part (Ward 10 & 18) and iron ore in the northern part (Ward 03 and 04) of the Municipality.

### **5.3.8. Job creation**

The Municipality annually creates temporary job opportunities through LED and infrastructure delivery. These provide relief to the needy and unemployed. It further provides the requisite skills to those employed. Already during the first half of 2013/14 839 jobs have been created.

## **Development challenges**

- Development of tourism potential areas
- Maximization of production and capacity level of primary economic activities within the Municipality
- Enough financial resources to support Community projects initiatives
- Establishment of major manufacturing activities within the municipality.
- Capacity building of LED initiatives
- Establishment of Markets

### **5.3.8. Comparative and Competitive advantages of Municipal Economy**

Aganang Municipality although rural has economic potential that, if tapped into, can become competitive. These borders around the following key issues:

- Potential for agriculture(both crop and livestock), tourism and prospects of mining
- Located with the Capricorn District Municipality which is a provincial logistic hub.
- Due to the Municipality's proximity to Polokwane it can become a manufacturing area with Polokwane providing the market.
- Aganang Municipality ,through Road D3390(Gilead road),links Polokwane with Mogalakwena, Lephale and Botswana which provides potential as a corridor(East-West corridor)
- Enough cheap land for secondary economic activities(although most of the land is still in the hands of Traditional Councils)

## **5.4. Environmental Analysis**

The municipality has developed and adopted environmental management plan in order to take up issues of environment as we develop our Communities. In pursuit of sustainable development environmental management is critical to this noble notion. Whenever projects are undertaken within the Municipality environmental impact assessments are conducted to ensure that environmental issues are taken into consideration. This in the main is to ensure sustainable development.

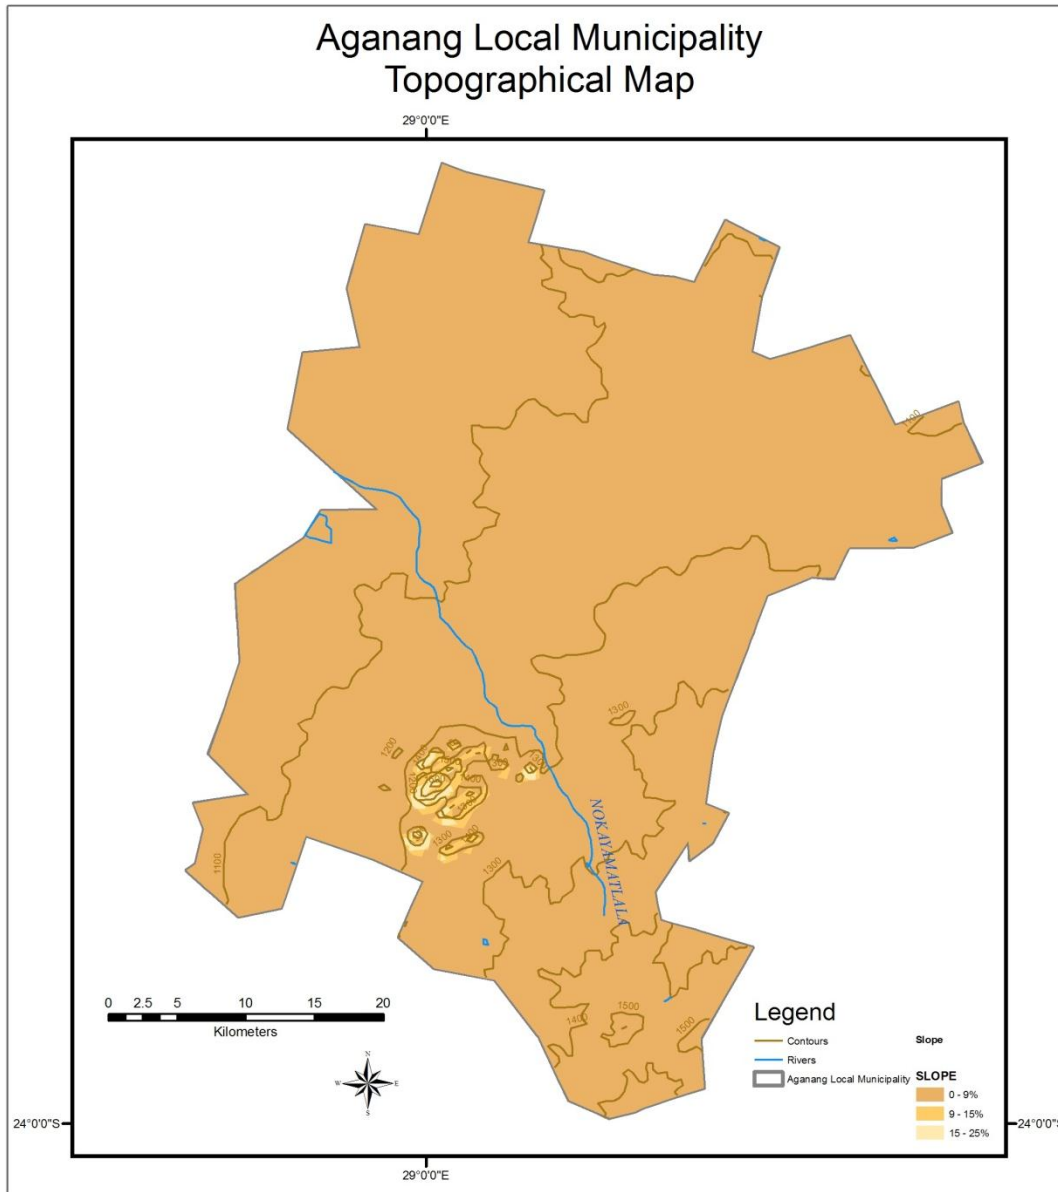

### **5.4.1. Climate**

Aganang area receives summer rainfall with very dry winters. The rainfall falls from September to May with precipitation generally occurring as short, heavy, thundery showers. The Mean Annual Precipitation (MAP) ranges from 454mm per year in the north-western area, and 500mm per year in the south-eastern area (Mucina and Rutherford, 2006). The southern portions are more humid and it becomes more arid towards the northeast.

The mean annual temperature is 18.5<sup>0</sup>C in the north-western area and 16.9<sup>0</sup>C in the south-eastern area. The mean maximum and minimum temperatures are 36.5<sup>0</sup>C and -0.8<sup>0</sup>C in the north-western areas for November and June respectively and 33.2<sup>0</sup>C and 0.6<sup>0</sup>C in the south-eastern areas for October and June respectively.

#### **5.4.2. Topography**

The terrain morphology of the area varies considerably with the following identified by ENPAT, 2001 in the area; hills in the southern area; lowlands with mountains to the western side of the Municipal area; strongly undulating plains in the southern area; moderately undulating plains, and; slightly undulating plains which represents the majority of the Municipal area. The terrain types identified are; plains with open high hills or ridges; rolling or irregular plains with high hills or ridges; plains with open low hills or ridges; Level plains with some relief; level plains, and; high hills or ridges. Slopes range from 0-9% on the greater part of the area 9-25% on hills and mountains.

### 5.4.3. Drainage

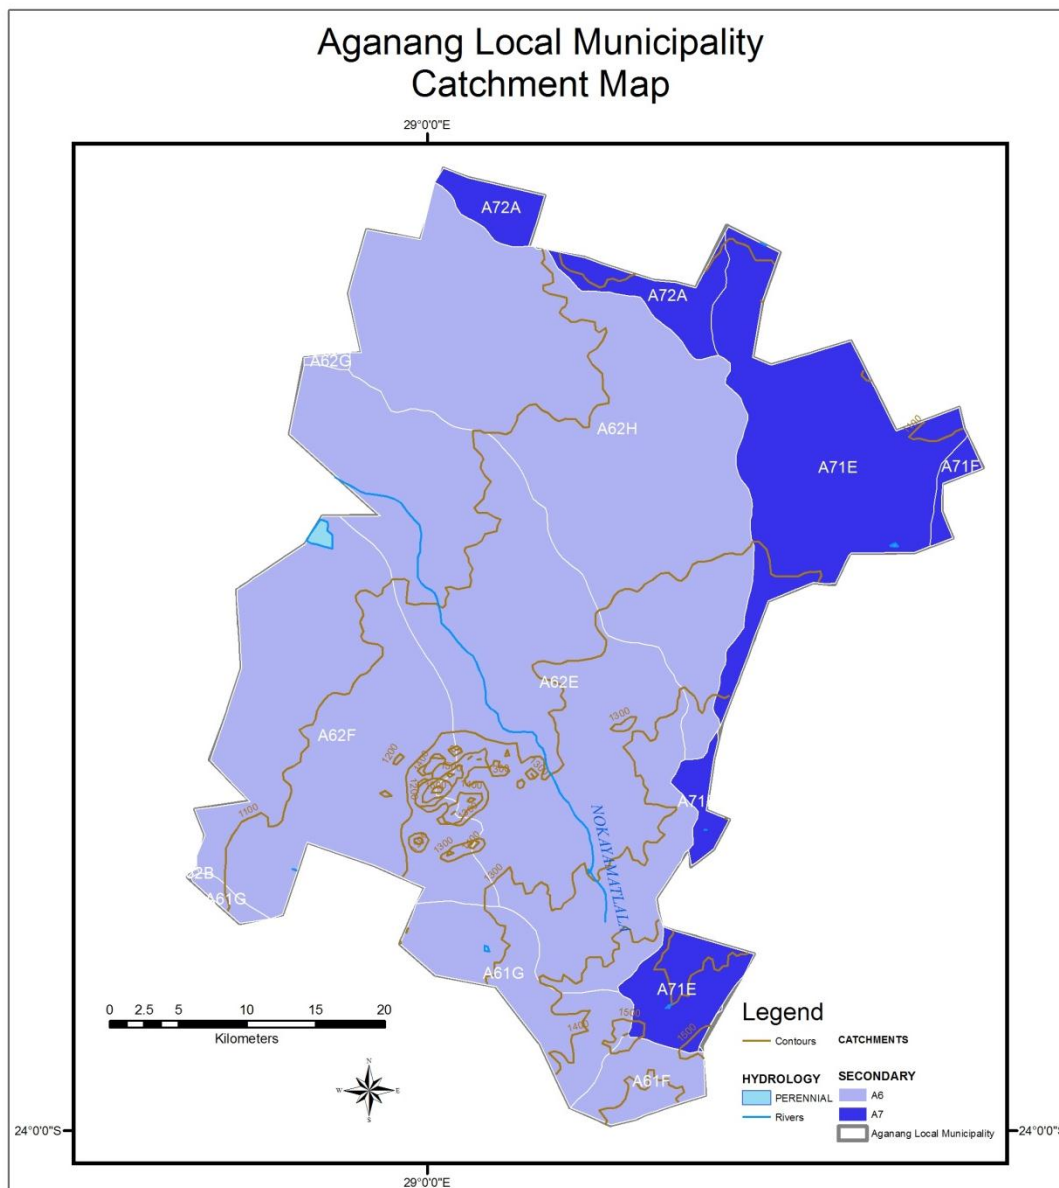

The Municipal area falls within 8 quaternary catchment areas which drain northerly towards the Limpopo River system. The quaternary catchment areas are A61F; A61G; A62C; A62E; A62F; A71E; A71F, and A72C. Of these quaternary catchment areas A62E, A62H and A62F are the most represented in the Municipal area ( Map 1: Catchment areas map ). There are a total of five more prominent seasonal rivers / streams (water courses) flowing through the Municipal area. All of these water courses drain in a northern direction towards the Limpopo River. These water course systems are poorly protected and erosion along the banks is evident.

The Tshipu water course drains into the Natse water course and is situated in the A62H quaternary catchment. The Ga-Mamasonya water course drains through quaternary catchment A72C. The Hout River and Strydomsloop River drains through quaternary catchments A71E and A71F respectively.

The Tshipu water course drains into the Natse water course and is situated in the A62H quaternary catchment. The Ga-Mamasonya water course drains through quaternary catchment A72C. The Hout River and Strydomsloop River drains through quaternary catchments A71E and A71F respectively.

Map 1: Catchment areas map

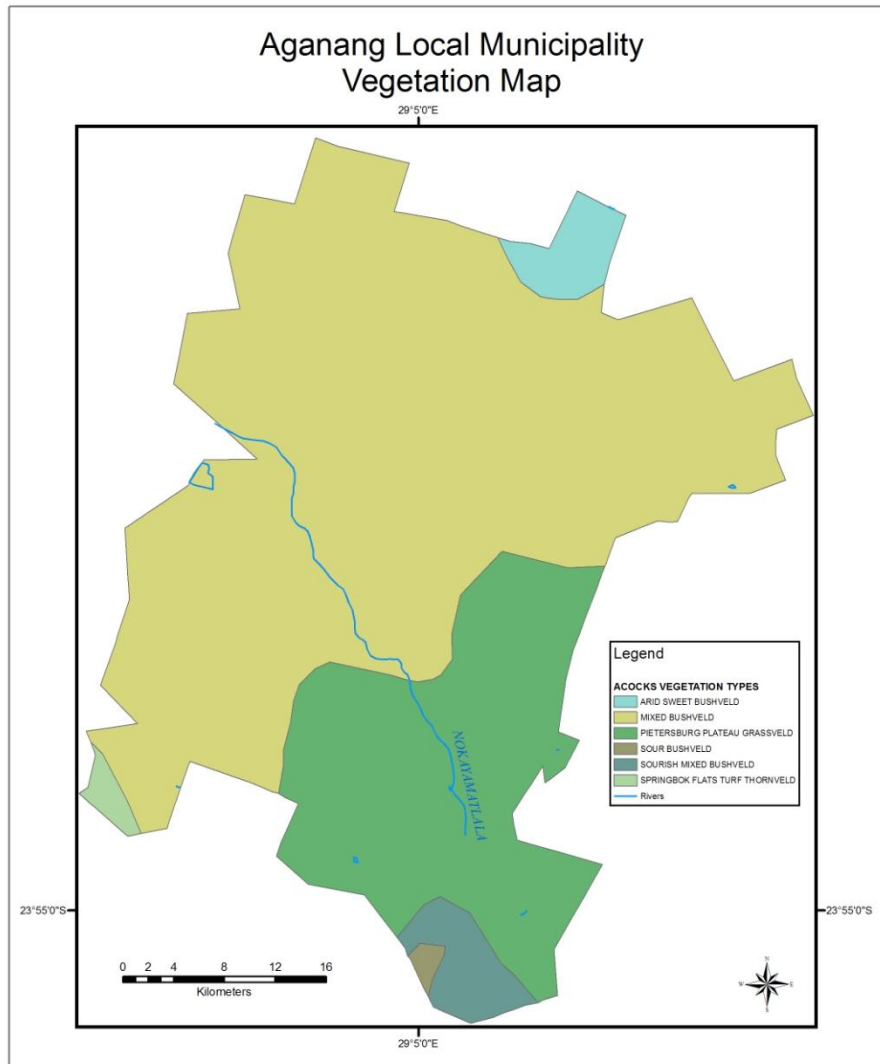

#### **5.4.4. Vegetation**

According to Acocks (1988), there are six veld types which are represented in the Aganang Municipality. These are the 1) Mixed Bushveld, 2) Springbok Flats Turf Thornveld, 3) Pietersburg Plateau False Grassveld, 4) Sourish Mixed Bushveld, 5) Sour Bushveld, and 6) Arid Sweet Bushveld, veld types.

Two thirds of the area is characterized by the Makhado mixed bushveld (typically defined by the presence of shallow, coarse-textured, sandy soils overlying granite, quartzite, sandstone or shale), small portions of Arid sweet veld and Mamabolo Mountain Bushveld around Mogoshi mountains in Matlala; and one third of the area is Polokwane Plateau Grassland.

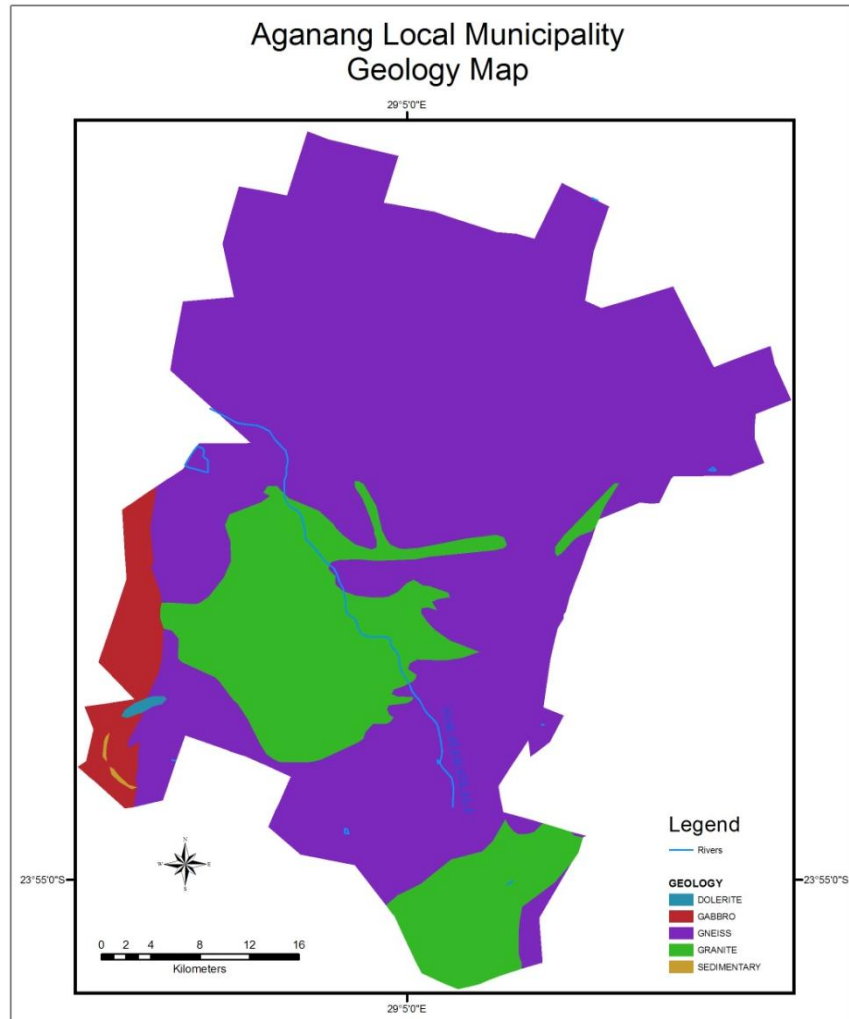

The common trees are the acacia (caffra, eriebola, karro) marula tree, terminalia sp, Euphorbia ingens. The Mamabolo Mountain Bushveld is the most sensitive vegetation type because of higher species diversity, poorly protected and the environment is not disturbed. Vegetation types as described by Acocks are shown in.

#### 5.4.5. Geology

According to the Geological map of the area 2328 Pietersburg, the area covered by Aganang Municipality is predominantly under laid by Leucocratic migmatite and gneiss, grey and pink hornblende-biotite gneiss, grey biotite gneiss, minor muscovite bearing granite, pegmatite and gneiss, Hout River gneiss of the swazian era. In the south west the area is under laid by fine grained grey to pink biotite granite, coarse grained and in places porphyritic of the Matlala granite. In the south east the area is under laid by medium grained porphyritic, grey to pink biotite granite of the Moletsi granite. In the west the area is bordered by magnetite gabbro, gabbro, anorthosite, olivine diorite, magnetite layer of the Rustenburg layered suite, Bushveld complex. Shows the simplified geology of the municipality mapped at 1:250,000 scale from the ENPAT dataset.

## Geology Map

A regional geological assessment conducted by Africa Geo-Environmental Services (AGES), i.e. *Regional Geological Assessment Report, Aganang Municipality, Limpopo Province (Technical Report 2007/02/15/IGTA)* made an assessment of the generalized geotechnical character of the area in terms of urban development.

The municipal area was divided into provisional geotechnical classes based on differences in the regional geological, topographical and geotechnical character thereof (Partridge et al, 1993), but excluding those areas falling within any 1:100 year-flood lines (deemed not suitable for development, but still to be determined separately from this investigation, where required).

### 5.4.6. Geohydrology

According to Groundwater Resources of The Republic of South Africa, Sheet 2, of the Department of Water Affairs and Forestry 1995, the average depth to water level in the area of Aganang Municipality is between 10m and 20m in the north of the area and between 20m and 30m in the south.

According to Groundwater Resources of The Republic of South Africa, Sheet 1, of the Department of Water Affairs and Forestry 1995, the probability of drilling a successful borehole in the area is more than sixty percent and the chances of a successful borehole yielding greater than 2 l/s are at 50%.

The nature of the water bearing aquifer in the area is acidic, intermediate and intrusive and inter granular with the highest yield at 5 l/s. The western part of the Aganang Municipality has yields between 0.5 and 2 l/s. The eastern part has yields between 2 and 5 l/s.

#### **5.4.7. Air Quality**

Aganang Local Municipality mainly experiences north easterly winds blowing at a minimum speed of 1.0-1.5m/s to a maximum of 8.0m/s. Winters are generally associated with southerly winds blowing at a rate of 1.5-3.5m/s and summers are associated with north easterly winds blowing at wind speed range of 0.1-1.0m/s.

Air pollution is evidently seen as the smog hanging over the cities. There are different kinds of pollution some visible and others invisible. Generally any substance that people introduce into the atmosphere that has damaging effects on living things and the environment is considered air pollution. The primary air pollutants are carbon monoxide, nitrogen oxides, sulfur oxides, hydrocarbons and particulate matter (both solid and liquid). Motor vehicles are major sources of carbon monoxides (CO), hydrocarbon (HC) and nitrogen oxides (NO<sub>x</sub>); whereas fuel combustion in stationery sources produces sulfur oxide (SO<sub>2</sub>). Carbon dioxide (CO<sub>2</sub>) is mainly from fossil fuels burning and deforestation.

Air quality in Aganang is mainly affected by traffic, that is vehicular emissions; biomass burning from fuel wood burning for cooking and veld burning during the dry season and before planting as people clear the lands, deforestation, manure management, cropland, wetlands and solid waste disposal on land. Aganang Local Municipality currently has no capacity in terms of personnel and equipment to monitor air quality; a function that is being performed by Capricorn District Municipality and will continue until demand calls for local municipality capacitation.

#### 5.4.8. Environmental Challenges

The following are generally environmental problems that are experienced within the Municipality cost by multiple factors. See table below.

<b>Environmental Problem</b>	<b>Major Causes</b>
Land degradation	Many caused by agricultural practices, overgrazing and food paths.
Deforestation	Chopping of firewood
Air pollution	Burning of wastes, and vehicle emissions
Water pollution	Mainly open field dumping
Veld fire	Mainly during winter
Alien plants	In some areas of the municipalities like ward 06 & Mashashane area, specify area where the problem is and name of plants
Illegal Waste dumping	No landfill site, no provision of services

Currently there is no waste collection due to the fact that there is no landfill site. But there are waste collection groups that have been established to take up environmental issues. These environmental groups are central to the pilot waste, cleaning and recycling activities.

## 5.5. Infrastructure and Basic Services Analysis

### 5.5. 1. Water

Wards	Regional/local water scheme (operated by municipality or other water services provider)	Borehole	Spring	Rain water tank	Dam/pool/stagnant water	River/stream	Water vendor	Water tanker	Other
Ward 01	73.2	13.1	0.2	0.2	4.3	0.1	0.1	8.6	0.3
Ward 02	83.0	11.3	0.0	0.1	0.2	0.0	2.3	3.0	0.1
Ward 03	82.6	12.1	0.0	0.1	0.3	0.1	2.9	1.8	0.1
Ward 04	76.6	18.7	0.0	0.1	0.4	0.0	0.5	3.6	0.2
Ward 05	62.5	15.8	0.2	0.1	0.1	0.1	4.5	15.9	0.8
Ward 06	68.0	20.6	0.3	0.1	4.8	0.0	0.7	5.5	0.1
Ward 07	76.7	12.6	0.0	0.5	0.3	0.0	1.1	7.6	1.2
Ward 08	67.2	19.0	0.3	0.3	8.1	0.0	1.4	3.5	0.1
Ward 09	79.8	14.2	0.1	0.2	0.1	0.0	0.7	4.6	0.3
Ward 10	52.6	41.9	0.2	0.3	3.1	0.0	0.1	1.2	0.8
Ward 11	80.1	5.8	0.3	8.9	0.3	0.8	2.8	0.6	0.5
Ward 12	76.9	16.7	0.0	0.3	2.7	1.6	0.2	1.1	0.5
Ward 13	86.6	5.9	0.1	0.6	0.1	0.6	1.5	1.9	2.7
Ward 14	49.2	13.0	0.1	0.4	3.1	1.7	11.0	10.0	11.6
Ward 15	94.4	3.4	0.0	0.1	0.0	0.6	0.2	0.1	1.2
Ward 16	85.5	8.5	0.0	0.4	0.1	0.0	0.1	0.2	5.2

Ward 18	74.1	22.3	0.1	0.1	0.4	0.2	0.5	1.6	0.8
Ward 19	77.8	13.3	0.0	0.3	1.0	0.0	1.2	2.4	4.1
Total	75.5	14.3	0.1	0.6	1.6	0.5	1.7	3.8	1.8

*The above table shows the state of Water supply within the Municipality per ward.*

**Table: 5 Sources: Census 2011**

Aganang Municipality is currently not a water authority but only a water provider. There are only two Water schemes (Houtrivier & Mashashane) that supply water to some of the Wards within the Municipality. Houtrivier scheme supply water to villages of Ward 11 and two villages of Ward 09. Mashashane scheme supply water to villages of Ward 13, 14 & 15.

The rest of other Wards in the Municipality are mainly provided water through boreholes using either electric or diesel pumps. The above table shows the state of water supply within the Municipality and how it has improved from 2001 to 2011. However it is worth noting that there is 1,7% of water vendors, 3,8% supplied with tankers within the Municipality as depicted by table 5 above.

### 5.5.2. Water provision status

Villages with yard connections	Villages within RDP Standard	Villages below RDP standard	Total households served	Total households outstanding
15	43	47	21 123	12795

#### Developmental Challenges

- Water supply within the Municipality is still a major challenge. The two water schemes have operational challenges for example breakdown of pumps and electrical equipment. Mashashane plant water source is not enough to cater for all the Communities at all times.
- With regard to borehole water supply there are problems of transformer theft, stealing of diesel pumps, operational breakdowns, illegal connections, extension of settlements etc.
- There is a challenge of partial water supply in villages and inadequate reticulation in villages

### 5.5.3. Electricity

The Municipality has made much progress with regard to electrification. All 105 Villages have been electrified and only 1936 households (post connections) are remaining in order to eradicate the backlog. This represents a significant progress in the process of electrification of villages by the Municipality. See priority list.

#### Electricity provision status

Total villages served	Household outstanding(post connections)	Total households served
105	1936	31 982

**Table: 6 electricity provision status**

#### Developmental Challenges

The following are current challenges with regard to electricity:

- Electrification of new extensions in villages that have experienced expansion.
- Cultivation of culture of electricity saving amongst communities.
- Weak electricity that cut off easily
- Electrification development nodes

#### 5.5.4. Housing

Aganang Municipality is neither a housing authority nor provider. Currently housing provision is done by the Department of Local government and Housing and the Municipality only assist in the coordination of the provision. The current rural housing backlog within the Municipality stands at 2041.

The Municipality with the assistance of CoGHSTA has developed a draft housing chapter which will be catalyst to housing development within the Municipality.

#### Household dwelling

Form of dwelling	Number
Formal dwelling	32 747
Traditional dwelling	175
Informal dwelling	904
Other	91
Total	33 918

#### Census 2011

The table above indicates that the situation in terms of housing within the Municipality has improved. The majority of households lives in formal housing than informal or mud houses and further that only 91 household uses other forms of housing outside formal, traditional or informal dwelling.

#### Developmental Challenges

- Provision of houses to the needy households as per beneficiary list
- Development and provision of subsidized housing projects.
- Housing developments for new demarcated residential areas

#### 5.5.5. Sanitation

The sanitation backlog within the Municipality is still very huge (as depicted by the table below). Currently this service is provided by the Capricorn District Municipality. The District annually allocates funds towards construction of VIP toilets within the Communities of the Municipality.

Type of Sanitation	Number
Flush toilet connected to sewer	572
Flush toilet with Sceptic tank	230
Chemical toilet	203
Pit toilet with Ventilation(VIP)	4432
Pit toilet without Ventilation	26319
Bucket System	0
Other	143
None	1699

**Table 8: Source Community Survey 2011**

### Developmental Challenges

- Need for funds to eradicate the backlog on Sanitation
- Households without Sanitation

#### 5.5.6. Waste and Refuse Removal

Type of Refuse removal	Number
Removed by local authority or private company	64
Communal Refuse dump	173
Own Refuse dump	29995
No rubbish disposal	3345
Other 2,66	87

**Table 9: Census 2011**

There is no Waste and Refuse removal within the Municipality however with the assistance of the District and other role players processes are underway to establish landfill site. The majority of households use own dumps as depicted by the table above.

### Developmental Challenges

- Establishment of landfill site
- Establishment of waste management unit
- Waste management campaigns

#### 5.5.7. Free basic services

Municipality provides free basic services to all Communities in the form of free basic water and free basic electricity. All villages receive free basic water through provision of diesel and oil and payment of electricity bills for those that use electric pumps. Free basic electricity is provided to all indigents households on the free basic electricity indigent roll. Currently 4688 households are on the indigents roll and benefit FBE. The Municipality further provides free basic alternative energy to households without electricity. To date 300 households are benefiting from this programme.

### Developmental Challenges

- Turnaround time for configuration of needy households for free basic electricity.
- Reluctance of benefiting households to collect free electricity tokens.
- Inaccessible and inadequate vending stations for free basic electricity
- Provision of alternative energy to communities without electricity
- Provision of free basic sanitation
- Provision of free basic waste removal

## 5.5.8. Roads and Public Transport

### 5.5.8.1. Roads

The Municipality has moved apace with the improvement of roads infrastructure. Most of the main Municipal roads are tarred or under the process of tarring. This will enhance mobility within the municipality and further assist the transport industry to grow.

The Municipality has a backlog of 542 kilometers that still needs to be tarred.

Most of the roads are still gravel and needs constant blading and low level bridges.

### 5.5.8.2. Public transport

The most common means of transport within the Municipality is mainly buses, taxis, cattle and donkey carts, bicycles and other people travel on foot for shorter distances. Currently there are five taxi ranks within the Municipality that support the taxi industry. (See table: 8 below)

Name of the taxi rank	Location within the Municipality
Kalkspruit taxi rank	Ward 11 Kalkspruit village
Rametloana taxi rank	Ward 08 Rametloana village
Tibane taxi rank	Ward 07 Tibane village
Ipopeng taxi rank	Ward 16 Setumong village
Mashashane taxi rank	Ward 15 Mhlonong village
Mamehlabe taxi	Ward 02 Mamehlabe village

**Table: 10 list of taxi ranks**

### Tarring of roads backlog

Kilometers tarred	Kilometers outstanding
141	535

### Developmental challenges

- Grading of internal streets
- Completion of outstanding roads for tarring
- Construction of low level bridges
- Development of integrated transport plan
- Development of road maintenance plan
- Inadequate bus/ taxi shelters
- Inadequate public transport

### 5.5.9. Municipal wide summary of backlogs

Electricity		Water		Sanitation		Housing		Tarred roads		Refuse removal	
H/H having	H/H not having	H/H having	H/H not having	H/H having	H/H not having	H/H having	H/H not having	Km tarred	Km not tarred	H/H having	H/H not having
31 982	1936	21 123	12795	8560	25 358	31 877	2041	141	535	0	33 918

### 5.6. Social Analysis

#### 5.6.1. Education

Level of education	Percentage
Some Primary	33%
Completed primary	7%
Some secondary	33%
Completed secondary	13%
N4-N6	0,3%
Certificate with/without Grade 12	1%
Diploma with or without Grade 12	!%
Higher diploma and more	2%
No schooling	10%
Other	0,1%

**Table 12: Census 2011**

Aganang Municipality is served by 10 education circuits. Currently within the municipality there are pre schools, special schools, ABET centre, primary and secondary schools. There are no tertiary institutions except private initiatives that offer computer skills, security training etc.

The Table 12 above indicates the distribution of education levels within the Municipality.

Name of the Circuit	Number of primaries	Number of learners per circuit 2012/13	Number of learners per circuit 2013/14	Total number of learners 2014/15	Number of Secondaries	Total number of learners 2012/13	Total number of learners 2013/14	Total number of learners 2014/15	Total schools per circuit
Bakone	7	1326	1278	1273	5	1015	991	914	12
Mogoshi	18	4791	4481	4759	13	4354	3347	4112	31
Maune	16	2908	4337	4777	10	4194	3473	3195	26
Maraba	10	2181	2139	2097	4	1532	1477	1441	14
Vlakfontein	18	4109	4038	4109	13	3091	3078	3142	31
Moletsi	14	4194	4146	3905	11	2908	2757	2525	25
Moloto	14	4031	3904	3933	11	3550	3513	3595	25
Bochum East Circuit	5	945	831	825	2	652	674	680	07
Bochum West	01	88	74	70	01	45	41	39	02
Koloti Circuit	02	205	192	198	01	267	243	223	03
<b>Totals</b>	<b>105</b>	<b>24732</b>	<b>25420</b>	<b>25946</b>	<b>71</b>	<b>21608</b>	<b>19594</b>	<b>19866</b>	<b>176</b>

**Table 13: Aganang Circuit Offices**

Table 13 above indicates that the number of learners for both primary and secondary schools has increased in Mogoshi, Vlakfontein and Moloto circuits. However the majority of circuits have experienced decrease in the number of learners as compared to 2013/14. In average the number of learners for both primary and secondary in Aganang Municipality has increased.

### **Developmental challenges**

- Unreliable underground water which makes boreholes to dry up
- Some schools are dilapidated and needs new classrooms
- There are no laboratories and libraries in schools
- Some schools do not have proper sanitation
- Literacy campaigns and ABET Centres to reduce the level of people that have never gone to school as indicated above.
- Lack of tertiary institutions within the Municipality makes percentage of people with post Matric qualification very low.
- Construction of Preschools for Early childhood development education.
- Development and support of early child development.

### **5.6.2. Health and Social Development**

Aganang Municipality has one hospital and 10 Clinics (see table below). There is also a systems of mobile clinics to all the villages of the Municipality. There is also team of home based carers and drop in centres which operate within the Municipality which are critical to health and Welfare service to our Communities.

Health facilities	Ward
Lonsdale clinic	Ward 08
Maraba clinic	Ward 11
Mashashane clinic	Ward 13
Matlala clinic	Ward 16
Kolopo clinic	Ward 03
Rosenkrantz clinic	Ward 02
W.F Knobel Hospital	Ward 09
Sello Moloto clinic	Ward 05
Diana clinic	Ward 15
Goedgevonden Clinic	Ward 10
Ngwanallela Clinic	Ward 02

**Table: 14 List of clinics**

Number of hospitals	Number of clinics	Clinic backlogs
01	10	17

### 5.6.3. HIV/Aids

The municipality has developed both the HIV/Aids Strategy and plan to fight the epidemic. This strategy is premised on four pillars of the national strategy that is, prevention, treatment, research and human rights. The primary source of HIV/Aids statistics is W.F. Knobel hospital. Community home based Organisation and drop in centres are central in the fight against HIV/aids although they have challenges of funds. Currently there are 44 CBO/NGO's that are central to the HIV/Aids programmes within the Municipality.

### Developmental Challenges

- Child headed families
- Lack of medications at Clinics and mobile clinics
- Inadequate funding to Support to home based carers and drop in centers
- Lack of pay point shelters
- Funding and support of Community Homes Based Care Organization and Drop in Centres.

### 5.5.4. Safety & Security

Aganang Municipality is a stable Municipality in terms of issues of safety and security. The Municipality has two police stations (Matlala) and Mashashane and other parts of the Municipality mainly some villages of Moletsi are serviced by Seshego Police station. There are Community Police Forums established in Communities of the Municipality. The top four priority crimes as per statistics provided by Matlala Police station are mainly theft(general),stock theft, house breaking (business) and rape. This is on basis of their level of prevalence.

## Developmental Challenges

- Revival and capacitation of Community Police forums
- Establishment of additional satellites within the Municipality
- Conducting crime prevention campaigns

### 5.6.5. Sports, Arts and Culture

The municipality has abundance of potential with regard to sports, art and culture. There are sports, art and culture activities that are taking place within the municipality i.e. soccer, athletics, netball, indigenous games etc. In terms of arts & culture there are activities like arts and craft, traditional dance choirs etc. Currently the Municipality has two sports grounds at Tibane and Mohlonong. There are 05 community halls and one library.

Sports,halls & library facilities	Ward
Tibane stadium	Ward 07
Mohlonong stadium	Ward 15
Ipopeng One stop Centre library	Ward 16
Jupiter hall	Ward 15
Municipal hall	Ward 09
Maribana hall	Ward 03
Seema hall	Ward 07
One Stop centre	Ward 16

**Table 15**

## Developmental Challenges

- Sports facilities still needs to be developed to acceptable standards
- Library still inadequate for the entire Municipality
- Arts and culture still needs to be developed and supported
- Renovation and maintenance of Community halls

### 5.5.6. Post offices

There are 08 Post Offices within the Municipality and most of the villages have village based lobby boxes. There is still a need to roll out yard based post delivery service. It is also important to indicate that Leokaneng and Cornelia post offices below need infrastructural facelift.

Post office	Ward
Mashashane	13
Juno	07
Leokaneng	02
Bakone	16
Maraba	11
Lonsdale	08
Cornelia	19
Thibedi	09

**Table: 16**  
**5.5.7 Social facilities**

<b>Social facility</b>	<b>Number having</b>	<b>Backlog</b>
Libraries	1	4
Sports Facilities	2	3
Police/ satellites	2	5
Community hall	5	5
Clinics	10	17

**Table: 17 Summary of Social facilities available and backlog**

## **5.7. Institutional analysis**

### **5.7.1. Council**

Aganang Municipality has been established in terms Section 12 notice of 2000 and it is thus a category B and Executive type Municipality. It has 37 Councillors and has the latitude to designate certain Councillors as full time Councillors. Currently the Municipality has designated three Councillors as full time, that is, Mayor, Speaker and Chief Whip. The Municipal Council sits once per quarterly.

#### **Council Committees**

<b>Committee</b>	<b>Description</b>
Executive Committee	Sits monthly to Execute decisions of Council. It is chaired by the Mayor
Portfolio Committees	Seven portfolio committees have been established (Technical services, Budget & Treasury, Community services, Corporate Services, Special Focus and Economic development & planning. Sits monthly to consider portfolio committee matters. They are chaired by Executive committee.
Ethics Committee	The Committee presides over ethics issues of Council
Names Committee	The committee presides over naming and re-naming of places and facilities within the Municipality
MPAC	The Committee presides over oversight issues within the Municipality

### **5.7.2. Staff Component**

Aganang Municipality has six departments namely Corporate Services, Budget & Treasury, Technical services, Economic Development Planning and Community Services. All these departments are overseen by Office of the Municipal Manager.

### 5.7.3. Employment equity

In line with employment equity imperatives Aganang Municipality has developed and adopted employment equity plan (EEP) that serves as a catalyst for affirmation of previously disadvantage sections of the Community. The EEP is reviewed annually.

Current Number of employees	Number female	Number male	Number Youth	Number disabled
112	45	67	65	0

### 5.7.4. Skills Development

Skills development is critical for the development of employees and Communities in general. Annually the Municipality reviews Workplace Skills Plan (WSP) aimed at capacitating Councillors and employees. In order to implement the WSP the Municipality annually allocate budget towards training and capacity building.

### 5.7.5. Human Resource Policies

The Municipality has developed and adopted Human resource policies that provide clarity on how the Municipality should go about handling of human resource issues. These policies are reviewed annually to ensure their relevance and compatibility with relevant legislation.

### 5.7.6. Organizational Performance Management System (OPMS) & Performance Management System (PMS)

#### Organizational Performance Management System

The Municipality annually reviews and adopts Service Delivery and Budget Implementation Plan (SDBIP). This forms the basis of the Municipality's Organizational Performance Management System. Quarterly performance reviews are done at different levels. These are done at the level of department, Management, Executive Committee and Council.

#### Performance Management System

The Municipality has PMS policy and framework in place. Performance contracts are signed with Section 57 Managers and annual assessments are conducted.

#### Developmental Challenges

- Continued development of institutional capacity
- Continued development and review of human resource policies.
- Skills development
- Cascading PMS to lower levels
- Inability to recruit disabled staff members

## **5.8. Financial Viability and Management**

### **5.8.1. Grants & Subsidies**

The Municipality receives Grant and subsidies like any other Municipality within the Republic of South Africa. The Majority of the budget of the Municipality is provided for by these annual allocations of equitable shares.

The following are the grants that Municipality receives and are in order of their contribution to the budget.

:

- Equitable share
- MIG
- CDM Grant
- LGFMG
- MSIG
- EPWP Incentive grant

### **5.8.2. Credit and Debt Control**

The Municipality has developed and adopted Credit and debt control by law and policies. The purpose thereof is to have clear system that guides credit and debt management.

### **5.8.3. Investments**

In order to augment its finances, the municipality invests some monies in order to raise funds for the Municipality. The short term investments are done from time to time depending on the availability of funds.

### **5.8.4. Audits**

Aganang Municipality annually conducts both Internal and External Audits through Internal Auditors and Auditor General' Office. The Municipality has appointed an Audit committee and there is Internal Audit Unit established.

Annually the Municipality considers Audit recommendations and develops action plans on the basis of the management letter issued by the Auditor General. 2011/12 action plan has been developed to address audit queries as raised by 2011/12 management letter.

Key amongst the issues raised in the Management letter relates to amongst others;

- Assets management
- Reconciliation of journals
- Supply chain management issues
- Revenue management issues

### **5.8.5. Budget and Treasury**

There is an established Budget and Treasury Office that presides over all budget issues and ensures compliance with the necessary Budget and Treasury regulations.

### **5.8.6. Revenue management**

The Municipality has income section that drives all activities pertaining to revenue generation including the implementation of property rates within the Municipality as a mechanism for revenue generation within the Municipalities. However due to the challenge related to the implementation of the property rates other revenue streams need to be identified and pursuit.

The following are the main sources of operating income

- Traffic fines, licensing and permits
- Property rates
- traffic fine ,licensing and permits
- investments,
- rent of facilities and equipment
- sites registrations
- VAT Refunds
- Skills development reimbursement

### **5.8.7. Supply Chain Management**

The Municipality has established the supply chain management unit. A number of SCM policies have been developed and adopted in order to give guidance to the unit. However the unit still needs to be strengthened in order to be able adequately deal with SCM issues

### **5.8.8. Asset management**

The municipality has developed systems and policy for asset management. Asset policy has been developed and adopted. There is a unit that focuses on asset management although it still has a challenge of shortage of staff.

### **5.8.9. Risk and Anti Corruption**

The Municipality has systems of overcoming Risk and Corruption. There are clear lines of segregation of duties and responsibilities and risk assessments are conducted from time to time. This assessment helps the Municipality improving on issues of Risk and Anti Corruption. The Municipality has established Risk and Security Management unit.

#### **Developmental challenges**

- Development of asset maintenance plan
- Continuous implementation of audit reports recommendations
- Development of internal audit capacity within the Municipality
- Strengthening of asset Management unit
- Strengthening Risk and Security Management

## **5.9. Good Governance & Public Participation**

### **5.9.1. Communication**

Communication is a catalyst to development. There is a communication unit within the municipality that ensures that the Municipal Community is talking. This unit uses different mediums to facilitate communication through news letters (internal & external), print media, radio and different Community participation fora available within the Municipality.

There is Communication Strategy and Communication policy that informs communication within the Municipality and Communication between the Municipality and external stakeholders

### **5.9.2. Ward Committees & Community Development Workers**

The municipality as a category B Municipality has a system of Ward Committees established in all 19 wards. These Committees are further provided support through a system of Ward Offices administered by Ward Assistants. There is an annual budgetary allocation to support ward committees. The current challenge is around continuous capacitation of ward committees, ward committees membership turnover.

There are 17 Community Development workers in the Municipality deployed in all Wards. These workers are critical in doing the community development work in the wards.

### **5.9.3. Intergovernmental Relations**

In line with the intergovernmental Relations Framework of 2005, Aganang Municipality promotes and is engaged in dialogue through a number of forums that are established both provincially and at district level. At Provincial level the Municipality participates and also report progress at Premier IGR Forum wherein the Mayor and the Municipal Manager are participants. This forum is coordinated at provincial level and sits twice annually to look into the performance of Municipalities and provincial departments on matters of service delivery, institutional development, financial viability, local economic development good governance and Public participation. Another provincial forum that interacts over financial matters is the Chief Financial Officers' Forum. The forum transacts issues related to matters of financial viability and financial accounting.

Other Fora that sit at the District level are:

- Municipal Mangers' Forum
- HR Working group
- Planning forum
- Communicators' forum
- Chief Financial Officers' Forum
- Political Office Bearers Support staff
- Skills Development Forum
- Aganang Local IGR Forum
- Internal Auditor`s Forum

#### **5.9.4. Traditional Leadership**

The Municipality is comprised of four Traditional authorities namely Moletši, Maraba, Matlala and Mashashane. Traditional Leaders are Ex Officio members of Municipal Council. There is Executive Committee Traditional Leaders Forum where the Mayor interacts with the Traditional leadership. At the Ward level Ward Councillors interact with Mantona through Mantona' Forum.

#### **Developmental Challenges**

- Continued capacitation of Ward Committees
- Continued involvement and engagement of Traditional leaders in the affairs of the Municipality
- Establishment and sustenance of Local IGR structure
- Striving for improved Communications amongst Municipal stakeholders

#### **5.9.5. Municipal Public Accounts Committee**

Municipal Public Accounts Committee has been established. It is responsible for amongst others compilation of annual report and issuing of oversight reports. This committee provides oversight over Council matters in order to ensure that the Municipality remains accountable to public.

#### **5.9.6. Municipal Customer care**

The Municipality has established a system of attending to Community complaints and inputs. There are suggestion boxes within the Municipal office wherein members of the public can make written submissions. The Municipality further participates in the District and Provincial complaints forum wherein issues from the Premier and Presidential hotline are attended.

## **6. Municipal priorities**

### **6.1. Introduction**

After consideration of all issues as raised by communities and developmental challenges faced by the Municipality, the following are priorities of the Municipality. They comprise primary priorities, secondary priorities and different priorities with regard to different services and their prioritization with respect of Wards and villages. These priorities guide the allocation of resources from time to time as per IDP/Budget review cycles

#### **Municipal Priorities are as follows:**

- Creation of employment and Sustainable Income
- Access to Clean Water
- Access to better health service and reduced risk of HIV/Aids
- Improved safety and Security services
- Improved education
- Improved access to Sanitation
- Better housing
- Improved welfare services
- Better road infrastructure and transport
- Access to Community support facilities
- Electricity

### **6.2. Priorities per service needs**

In order to facilitate forward planning the Municipality has developed priorities per service need. These help the Municipality to plan ahead. These are reflected as follows:

#### **6.2.1. ELECTRICITY**

##### **Electrification of Villages**

1. Kloesdam 2012/13

##### **Electrification of extensions**

- 1.Extension-Cluster Ward 11, 12,13 & 15 (435)
- 2.Extension-Cluster 1,2,3,4,5,6,8,9,19(1013)
- 3..Extension-Cluster 7,10,16,17,18,(285)
4. Extension Cluster 14 (58)
5. Boanatlou
6. Madienyane
7. Mashamaite
8. Rampuru Extension

## **CLINICS**

1. Naledi 2012/13
2. Dibeng
3. Marowe
4. Segoahleng
5. Flora
6. Mabitsela
7. Bergzicht
8. Tibane
9. Mohlajeng
10. Township
11. Boratapelo
12. Boslagte
13. Mashamaite
14. Utjane
15. Cooperspark
16. Madietane
17. Sechaba

### **6.2.3. HEALTH CENTERS**

1. Mashashane clinic
2. Percy Clinic
3. Maraba Clinic
4. Tibane Clinic
5. Diana clinic
6. Mohlajeng health Centre

### **6.2.4. COMMUNITY HALLS**

1. Mohlonong
2. Masehlong
3. Kalkspruit hall
4. Pinkie-Sebotse

### **6.2.5. UPGRADING OF HALLS**

1. Maribana 2012/13
2. Jupiter 2013/14
- 3, Cooperspark

## **6.2.7. WATER**

### **Tibane Cluster 1**

- Hwibi 2012/13
- Ga-Seema 2013/14
- Mabopane
- Juno
- Tibane
- Boslaagte
- Goedgevonden
- Prospect
- Mamehlabe
- Vlakfontein
- Moetagare

### **Mankodi Cluster 2**

- Masehlong 2012/13
- Mankodi 2013/14
- Mohlajeng & Mohlajeng extension
- Burgwal.
- Kanana
- Cooperspark
- Terrebrugge

### **Pinkie-Sebotse Cluster 3**

- Ngwanallela 2012/13
- Pinkie-Sebotse 2013/14
- Rosenkrantz
- Fairlie
- Mabitsela
- Leokaneng

### **Rampuru Cluster 4**

- Rapitsi 2012/13
- Maupye/Helena 2013/14
- Ceres
- Ramoshoane
- Rammobola.
- Ga- Selepe
- Chloe A & B
- Rampuru
- Kgabo Park

## **Bakone Cluster 5**

### **Bakone Cluster 5A**

- Phomolong 2012/13
- Phoffu 2013/14
- Dibeng
- Setumong
- Madietane
- Semaneng
- Ga-Manamela
- Phetole
- Ga-Selolo

### **Bakone Cluster 5B**

- Maineleng 2012/13
- Saaiplaas 2013/14
- Kloesdam
- Korton
- Mahwai
- Ramalapa
- Boratapelo
- Mpone-Ntlolane
- Kgomoschool

## **Mashashane Cluster 6**

### **Mashashane Custer 6A**

- Boetse 2012/13
- Segoaahlang 2013/14
- Mandela
- Seborra
- Kgasha
- Mashashane Mošate
- Matlapa
- Mohlonong
- Mapateng
- Maune

### **Mashashane Cluster 6B**

- Manyapye 2012/13
- Diana 2013/14
- Utjane
- Glenrooi
- Matlaleng
- Mars
- Jupiter

### **Mashashane Cluster 6C**

- Monotwane 2011/2012
- Naledi 2013/14
- Venus
- Madiba
- Bellingsgate
- Mapeding
- Bergzicht

### **Houtrivier Dam Cluster 7**

- Magongoa 2012/13
- Lepotlako 2013/14
- Christiana
- Sechaba
- Kalkspruit
- Ga- Kgoroshi
- Washbank

### **Marowe Cluster 8**

- Phaudi 2012/13
- Sekuruwe. 2013/14
- Maribana
- Kolopo
- Moletšana
- Marowe
- Machabaphala

## Phago Cluster 9

- Rankhuwe 2012/13
- Makgodu 2013/2014
- Lonsdale
- Phago
- Mashamaite
- Monyoaneng
- Mabiloane
- Flora
- Rametlwane
- Ga- Piet

### 6.2.8. SANITATION

Item	Village	Ward
1.	Mamehlabe	02
2.	Mandela	13
3.	Burgwal	01
4.	Matlapa	14
5.	Ramoshoane	09
6.	Phetole	17

80.	Madiba	15
81.	Mohlajeng	01
82.	Ramalapa	19
83.	Mars	15
84.	Matlalleng	14
85.	Mabopane	07
86.	Ngwanallela	02
87.	Kloesdam	19
88.	Phofu	18
89.	Verlyn	06
90.	Ga- Manamela	17
91.	Diana	15
92.	Manyapye	13

### 6.2.9. Tarring of Roads

1. D3432 (Korton to Chloe ) (2012/13)
2. D3356 (Mohlolong to Diana Clinic) 2012/13
3. D3394 (From D3390 to Goedgevonden Clinic) 2012/13
4. D3428 ((Mamehlabe via Pinkie-Sebotse to Rosenkrantz Clinic) 2012/13
5. D3370(Mohlolong to D19 Kalkspruit)
6. Lonsdale to Percy clinic via Flora
7. D3420 (Lonsdale Clinic via Monyoaneng clinic to Rankhuwe) Phase 2
8. Rosenkrantz clinic to Ngwanallela clinic
9. D3382 (Ipopeng via Mohoai, Boratapelo to Moetagare)
10. D3359 (Mandela via Glenrooi ,Jupiter, Phetole to Selolo)
11. D3457 (Kanana via Mohlajeng to Burgwal)
12. D3364 (Sekgopetjane D19 to Bellingsgate D3355)
13. D3394 ( Ga-Seema via Goedgevonden to Hwibi)
14. D3428 (Fairlie via Mabitsela , Leokaneng to Pinkie Sebotse)
15. D3465 (Marowe to Maribana)
16. D3431 (Masehlong via Cooperspark to Rosenkrantz)
17. D3376 (Dibeng via Phofu to In-service)
18. D3412 ( Washbank to D3378 Cornelia)
19. (Lonsdale via Mabiloane to Ditenteng)
20. (Mahoai via Ntlolane to Limburg)

### 6.2.10. Priority for RAL/CDM Roads

1. Kgasha via Mashashane Mosate to Mashashane clinic
2. Tibane(D19) to Scaffhausen,Masehleng and Murasie
3. D3355 ( Sebora Via Mohlolong –Matlala Clinic)
4. D3377 ( Ipopeng to Gilimburg)
5. Ngoasheng to Kanana Phase 2
6. Mokopane to Moletsi Phase 2
7. Korton to Chloe Phase 2

### **6.2.11. Low level Bridges**

1. Utjane to Mashashane Clinic
2. Pinkie Sebotse to Cooperspark
3. Terrebrugge to Kodumela School
4. Selolo Village
5. Piet to Rankhuwe
6. Morwasethula to Mapateng
7. Phoffu to Mokopane
8. Dibeng to Limburg
9. Mohlonong to Glenrooi
10. Mankgodì to Uitkyk No.2 (Low level bridge)
11. Masehlong to Khwinana School bridge
12. Masehlong to Mohlajeng, Kanana two bridges
13. Monotwane to Diana Enlarging bridge
14. Joel Sibasa to Jupiter
15. Mars to Jupiter (Low level bridge)
16. Bergzicht to Bellingsgate
17. Mohlonong to Madiba
18. Ramalapa to Magwai
19. Ceres to Sechaba
20. From D19 to Washbank
21. Seborà to Graveyard
22. Segwahleng
23. Boetse
24. Ga-Seema Bridge
25. Ngwanallela
26. Leokaneng
27. Pinkie/Sebotse
28. Fairlie to Mabitsela
29. Lonsdale to Rapitsi
30. Kgabopark to Ramoshoane

### **7.2.12. DUAL-CARRIAGE BRIDGES**

1. Maineleng bridge

### **6.2.13. Creches**

1. Pinkie-Sebotse 2012/13
2. Seborà (Jonas Kgapu) 2012/13
3. Rankhuwe 2012/13
4. Monotwane 2013/14
5. Rametloana 2013/14
6. Phago (Hlanaphore) 2013/14
7. Mankgodì 2014/15
8. Seema 2014/15
9. Manyapye 2014/15
10. Kalkspruit 2014/15
11. Kolopo

## **Creches (Continues)**

12. Semaneng
13. Boetse
14. Venus
15. Jupiter
16. Madietane
17. Ramalapa
18. Boratapelo
19. Rapitsi
20. Phoffu
21. Tibane
22. Bellingsgate
23. Mamehlabe
24. Mabiloane
25. Magongoa
26. Hwibi
27. Ramoshoane
28. Mohlonong
29. Boslagte
30. Monyoaneng
31. Saaiplaas
32. Rammobola
33. Kgomoschool
34. Selolo
35. Phetole
36. Vlakfontein
37. Maupye/Selepe
38. Rosenkrantz
39. Fairlie
40. Prospect
41. Mpone-Ntlolane
42. Moletšana
43. Helena
44. Setumong
45. Ngwanallela
46. Goedgevonden
47. Mahoai
48. Matlapa(Mabalane )
49. Kloestam
50. Mapeding
51. Machabaphala
52. Diana
53. Matlaleng
54. Mabitsela (Modiana)

#### **6.2.14. WARD OFFICES**

1. Mohlolong
2. One Stop Center
3. Tibane
4. Maribana
5. Ceres
6. Kalkspruit
7. Cooperspark

#### **6.2.15. PRIORITY ON SPORTS FACILITIES**

##### **6.2.15.1. New facilities**

1. Caster Semenya Stadium
2. Ceres-Rampuru
3. Kalkspruit

##### **6.2.15.2. Upgrading of sports facilities**

1. Tibane
2. Mohlolong

#### **6.2.16. PRIORITY ON APOLLO LIGHTS**

1. Bergzicht( Upgrading of streets lights)
2. Setumong 2012/13
3. Monotwane 2014/15
4. Tibane
5. Kgasha
6. Mamehlabe
7. Kalkspruit
8. Maune
9. Kgabopark
10. Masehlong
11. Lonsdale
12. Vlakfontein
13. Kanana

Green and open space management(GOSM)	Kgoroshi village	June 2019	R 12 M	DEA	DEA(EPIP)

# 9. Integration

## 9.1. Introduction

Integration is at the bottom of IDP processes. IDP phases must link to one another on the one hand and programmes of government and other sectors like private sector, parastatals must find expression within the IDP of the Municipality. It is further imperative that the IDP should link to the District IDP, Provincial growth and development strategy and the national spatial development perspective. It is within this context that sector plans find expression within the Municipal IDP.

Hereunder follows a summary some of the sector plans within Aganang Local Municipality that have cross cutting implications

## 9.2. Spatial Development Framework

Aganang Local Municipality has developed and adopted Spatial Development Framework. This framework informs development and future plans of the Municipality. The SDF identifies areas of potential within the Municipality that are critical to the development of the Municipality.

### 9.2.1. Municipal growth point

Rampuru-Ceres is identified as the growth point of the Municipality. The growth of the Municipality can radiate from this point.

### 9.2.2. Population concentration points

There are three population concentration points identified by the SDF. They are Mashashane, Setumong and Rampuru-Ceres.

### 9.2.3. Local service points

Both Kalkspruit and Tibane are identified as areas of potential as service points.

### 9.2.4. Transport corridors

There are critical corridors that are identified by the SDF that connects the Municipality to other Municipality Polokwane-Gilead, Rampuru-Ceres to Senwabarwana, N11 road, and Mashashane-Mokopane road

### **9.3. HIV/Aids Strategy**

#### **9.3.1. Background**

Aganang Municipality has developed HIV/Aids as response to the pandemic that threatens humanity. This strategy is aimed at intercepting the spread of the disease within the Municipality as well as contributing to efforts to the search for the cure.

The Aganang HIV/Aids strategy addresses for pillars of the national prevention strategy; namely:

- Prevention
- Treatment
- Research
- Human rights

#### **9.3.2. Stakeholder driven HIV/Aids**

The HIV/Aids strategy is a stakeholder driven approach in the fight against HIV/Aids. All stakeholders from government, CBO's, NGO's and the Community in general are key to successful implementation of the Strategy. It is premised on the notion that we have a role to play.

#### **9.3.3. Key features of the Strategy**

- Campaigns
- VCT
- Care and support

### **9.4. Tourism Strategy**

Aganang Tourism Strategy identifies key important areas within the Municipality that have tourist potential. These areas are Utjane dam, Ratang baeng at Mashashane and Bakone game reserve. These areas have varying potential that can be explored for the betterment of Aganang Municipality Local Economy.

Matlala game reserve has major potential of becoming the most critical tourist particularly with Mogoshi Mountains which have significant historical heritage.

Utjane dam has potential of translating into a holiday resort because of its beautiful scenery.

Interestingly Aganang Municipality crossed by both N11 and Polokwane Gilead roads which are critical in linking the Municipality with other Municipalities like Mogalakwena and Polokwane. Gilead road further connects the Municipality to Botswana.

These corridors can strategic linkages to these tourist potential sites.

## **9.5. LED Strategy**

### **9.5.1. Background**

Aganang Municipality has developed and adopted the LED strategy. This is line with pursuance of LED as one of the critical key local government agenda and also a catalyst for the development of Aganang Municipality.

The strategy focuses on tapping into the potential that exists within the Municipality Key areas for LED in Aganang.

### **9.5.2. Key LED drivers for Aganang Municipality**

Aganang LED strategy identifies key drivers as central to the development of Aganang Local Municipality area. These are identified as follows:

#### **9.5.2.1. Meat Cluster**

Most the families within the municipality are involved in subsistence stock farming and further that there Community based projects that deals poultry production, cattle, goat and sheep. These initiatives can be harness and clustered into various meat cluster that can be able to turn primary economic activity (production) to secondary economic activities (manufacturing).

#### **9.5.2.2. Nodal Point development**

The development of nodal points and service points within the Municipality can help change settlement patterns of the Municipalities. This in turn can help turnaround economic activities of the Municipality.

#### **9.5.2.3. Mining development**

Since there are prospects that Mining potential exists along the south western and northern parts of the Municipality, these must be taken up since it can turn the economy of the Municipality around

#### **9.5.2.4. Informal economy development**

Most of the people Aganang Municipality are engaged in the informal economy activities. These initiatives if given the necessary support can grow to become formal economy activities that can provide jobs and promote sustainable livelihoods.

#### **9.5.2.5. Cultural tourism**

The strategy identifies cultural tourism as one aspect that can be explored to lift local economy. This can be done by taking advantage tourist potentials sites as identified by the tourism strategy.

#### **9.5.2.6. Economic Infrastructure development**

One of the aspects that are central to economic development is the delivery of infrastructure like water, electricity and roads. The delivery of these infrastructures will go a long way supporting business initiatives within the Municipality.

#### **9.5.2.7. Marula harvest**

Most the Aganang Municipality is covered by Marula trees. These fruits can be harvested for exportation to areas that have established plants that processes these fruits for the production of Marula beer and other related products

### **9.6. Communication Strategy**

#### **9.6.1. Background**

Aganang Communication strategy is geared towards there effective Communication amongst stakeholders.

The Strategy identifies both internal stakeholders (Staff, Councillors, Ward Committees etc) and external stakeholders (CBO's, sector Departments etc) as drivers of the strategy.

#### **9.6.2. Key Communication Drivers**

- IDP/Budget Consultations
- Annual reports
- Municipal events
- Projects launch

#### **9.6.3. Key Mediums for Communication**

- Newsletters(internal and external)
- Advertisements
- Print and electronic media
- Meetings
- Notices
- Forums etc

## **9.6. Municipal housing Chapter**

The Municipality has developed the housing chapter with assistance from the COGHSTA. The chapter outlines housing challenges within the Municipality amongst them:

- Lack of land ownership( as such no title deeds only PTO's) and this affects provision of rental or bond housing
- Lack of bulk services
- Municipality not being a housing authority and as such depend on allocations from the department.
- Some RDP houses left unoccupied

The housing chapter further outlines municipal nodal points as strategic areas for housing provision which can be developed into R293 townships. these are amongst other the following:

- Ceres-Rampuru
- Kgabopark
- Vlakfontein
- Mandela
- Kalkspruit etc

The housing chapter should be followed in order to have an orderly and informed housing delivery within the Municipality
