## CHAPTER 1: MAYOR`S FOREWORD AND EXECUTIVE SUMMARY

### COMPONENTA: MAYOR`S FOREWORD

#### MAYOR'S FOREWORD

The Annual report represents an opportunity for the Municipality to look back in terms of what it has been able to achieve over the preceding year and the lessons learned going to the following year. Once again as Aganang Local Municipality we are called to take stock and account on what we have done during the financial year 2011/12 in term of service delivery mandate.

We are coming a long way as the Municipality in providing services to our Communities. All these we were able to do side by side with our Communities. Our Communities are the Municipality because we exist to serve them.

In line with the five key priorities of the current term government we were able to craft the 2011/12 IDP as a vehicle to achieving the priorities of government. As a Municipality we were able to achieve the following;

- Construction of Sebora Crèche located in Sebora village Ward 13
- Construction of Maribana hall,
- Tarring of road from D3394 to Goedgevonden Clinic,
- Installation of two Apollo lights at Setumong,
- Upgrading of Tibane Sports facility,
- Provision of free basic electricity to 10669 households
- Construction of walkway shade in the municipality

All of the above we have managed to do in partnership with our Communities and Community stakeholders, public entities, sector departments and our business Community.

We were able to successfully host Ward Committees conference as a way of empowering Ward Committees with information and knowledge pertaining to their work.

Although we have experienced challenges in terms of timeous implementation of capital projects we remain convinced that we will overcome these challenges.

We call on our entire stakeholders to join us in taking stock of what we have done during the financial 2012/13 and further provide us with the necessary feedback that will make move us forward with determination.

Her Worship Mayor Cllr Maria Mokobodi

## COMPONENT B: EXECUTIVE SUMMARY

### 1.1. MUNICIPAL MANAGER'S OVERVIEW

#### MUNICIPAL MANAGER'S OVERVIEW

Aganang Local Municipality, as a catalyst for change continues on its tracks to better the lives of the communities residing within its juristic areas. This is done through infrastructure provision which amongst others relates to electrification of villages, upgrading of municipal roads from gravel to tar, construction of pre-schools, water provisioning, support to SMME's and LED projects, traffic services and environmental management. For the financial year 2012/13 the Council of the municipality successfully adopted the integrated development plan which detailed the intention of the Council in addressing the needs of the communities. Major priorities in the areas of electrification of extensions, tarring of roads, construction of pre-schools, upgrading of Tibane stadium, construction of bridges and other host of infrastructure and none infrastructure projects were identified. Noting the Council intention, a tool in the form of an SDBIP was developed in order to ensure mechanism on how to roll out the plan and track progress thereof. For accountability purposes Senior Managers signed the performance agreements towards the implementation of the SDBIP.

During 2012/13 we able to both realize our set targets and also fail to achieve some of the targets These are presented in terms of the six Key Performance Areas namely,

- Institutional Transformation and Organisational Development
- Basic Services and Infrastructure Development
- Local Economic Development
- Financial Viability and Management
- Good Governance and Public Participation
- Spatial Planning and Environment

#### 1.1.1. Institutional Development and Organisational Development

##### Achievements

Development and submission of the Employment Equity plan, development and review of Work place skills plan, Installation of network points at the Traffic Testing Station, upgrading of the server room and procurement of server equipment, consistent rental of office machines, procurement of protective clothing's for general workers, procurement of 5 municipal vehicles, payments of bursary funds to 190 learners on mayoral bursary, prompt recording of leaves on the payday system and the development of the PAIA manual

##### Under achievements/Challenges

The vacancy rate at Senior Management level of the institution has negatively affected the proper functioning of the institution. Filling of the position for the Municipal Manager, Chief Financial Officer and Senior Manager, EDP could not be completed as envisaged although all processes unfolded. None completion of performance agreements by Senior Management and

---

the cascading of performance management system to lower level officials, Inability to fill new and replacement positions, Cascading of the performance agreements to lower lying levels of employees besides the Senior Managers could not be implemented as envisaged due to lack of internal capacity

#### **1.1.2. Basic and Infrastructure Services**

##### **Achievements**

During the year 2012/13 the Municipality has been able to conclude construction of Seboria Crèche located in Seboria village Ward 13 Other capital projects implemented includes construction of Maribana hall, tarring of road from D3394 to Goedgevonden Clinic, installation of two Apollo lights at Setumong, upgrading of Tibane Sports facility, provision of free basic electricity to 10669 households and construction of walkway shade in the municipality

##### **Under achievements/Challenges**

The Municipality could not complete the following Infrastructure projects and these have been rolled over to 2013/14.

- Tarring 3km road from Mohlonong to Diana clinic phase two
- Construction of Rankhuwe and Pinkie-Sebotse crèches
- Drilling and equipping of borehole at Seema hall
- Construction of disability ramp
- Electrification of Kloestam village

#### **1.1.3. Local Economic Development**

##### **Achievements**

The Municipality has successfully appointed Walk in 25 to administer the operationalization of wholesale warehouse. Through LED intervention, Community Works Programme and Expanded Public Works Programme, 1416 temporary jobs were created.

##### **Under achievement s/Challenges**

The following projects could not be completed and were rolled over.

- Masa a sele project
- Maatla a basadi project
- Feasibility study for Matlou Matlala
- Production of LED journals
- Review of LED strategy

#### **1.3.4. Financial Viability and Management**

##### **Achievements**

Annual financial statements were compiled internally and submitted on time. Supplementary valuation roll was completed. Establishment of the bid committees as required by SCM policy was achieved. Stock counts were conducted as planned and also the development of the audit action plan.

---

## **Under achievements/Challenges**

The Municipality targeted unqualified Audit opinion but received a disclaimer. Under spending regarding budget spending where only 69% was spend. Late appointment of service providers Targeted revenue streams could not be realised

### **1.4.5. Good governance and Public participation**

#### **Achievements**

As the Municipality we continue to utilize varying avenues to ensure community participation. During the year 2012/13 four Mayoral Izimbizo were coordinated and held; community consultative programmes both on the IDP/Budget and the annual report were initiated and held. Ward Committees were established in all the 19 wards and are paid a monthly stipend of R1000, 00. The Municipality successfully hosted the Annual Ward Committee Conference Coordination of Council and Exco meetings took place without challenges

#### **Under achievements/Challenges**

The Municipality has targeted to develop IDP/Budget booklets and the annual report booklets for the financial year 2011/12 of which they are currently with the service provider. Owing to limitation on budget village name boards and bill boards could not be realised First and second quarter newsletters could not be developed owing to budgetary constraints Electronic security which involves the camera system could not be corrected except for new installation in the Traffic Testing Station.

### **1.5.6. Spatial Rationale & Environment**

#### **Achievements**

Requests for processing of Land Use applications were done far exceedingly past the annual target. Meetings with Traditional Authorities in the municipality regarding Land Use Management System were successfully conducted

#### **Underachievement**

- Township development still remained a target far from within reach with the issue of land release still being a subject of discussion.
- Development of a land fill site could not be realized as the funds to construct the landfill could not be secured for the financial year.

As a way of addressing some of the challenges experienced during the financial 2012/13 some of the following corrective measures will be implemented.

- Continuous negotiations with Moletjie Traditional Authority with regard to township development.
- Cascading of the performance management system will take effect during the financial year 2013/14 since both the PMS framework and policy have been adopted and a process plan in relation to implementation of PMS has been developed.
- Recruitment process for the position of the Senior EDP Manager was done but could not bear positively and as such the post was recommended for re-advertisement.

- 
- Request for roll over of incomplete projects was done with Council approval.
  - Development of schedules of Council and Council Committees meetings

## 1.1. SERVICE DELIVERY OVERVIEW

### SERVICE DELIVERY INTRODUCTION

In line with the five key priorities of the current government the municipality has been able to achieve the following service delivery objectives during the year under review: Provided clean water to all 105 villages, Installation of an high mast light in Setumong, constructed three Pre-schools in Mashamaite, Rampuru and Masehlong, provided sanitation to 274 households, tarred road D3356 (phase 1 of Mohlonong to Diana clinic), provide indigent households with free basic electricity, water and alternative energy.

T1.3.3

## 1.2. FINANCIAL HEALTH OVERVIEW

### FINANCIAL OVERVIEW

The Municipality relies heavily on Government Grants and subsidies for financial sustainability. The allocation received is insufficient to provide for operational expenditure and basic services. During the financial year 2011/12, the municipality received a Disclaimer audit opinion which is undesirable. As a result, management resolved to prepare half yearly Financial Statements in order to assess our progress in addressing audit findings and also to prepare for Annual Financial Statements.

T1.4.3			

COMMENT ON OPERATING RATIOS:

The Ratios above indicate that Employee cost was 45.97% of the total spending and Repairs and maintenance was 0.64%. The municipality relies mostly on grants of which 37% is conditional, and out of total budget only 63% is operational though revenue streams were identified they haven't been implemented due to the issue of land, as a result, our own revenue is not sufficient to cover larger percentage of operational budget.

T1.4.3.

Actual	7,832,343.00	15,600,194.46	20,708,598.00
T1.4.4			

COMMENT ON CAPITAL EXPENDITURE:

The table above indicates that there is an increase in Capital Expenditure even though it reflects annual variances as compared to Capital budget for each financial year. These variances are due to the fact that Consultants for infrastructure projects are appointed during the third or fourth quarter of the year.

### 1.3. ORGANISATIONAL DEVELOPMENT OVERVIEW

#### ORGANISATIONAL DEVELOPMENT PERFORMANCE

The Municipality provides training and development for staff, councillors as well as other unemployed people. All training needs were developed and facilitated in terms of the approved workplace skills plan. The trainings conducted were part of the municipality's organisational development function to develop and improve the general skills levels in the whole organisation.

T1.5.1

### 1.4. AUDITOR GENERAL REPORT

#### AUDITOR GENERAL REPORT 12/13

The Municipality obtained a disclaimer audit opinion, based on the following items: Accumulated Surplus, PPE, VAT, Trade and Other receivables, Provisions, Revenue, Expenditure, Irregular, Fruitless and Wasteful, Contingent liability, Cash flow, Commitments, Related Parties, Accounting policies and Comparative figures. The municipality regrets the undesirable audit opinion obtained however it is on course to meet the 2014 clean audit deadline.

T 1.6.1

#### COMMENT ON THE ANNUAL REPORT PROCESS:

Annually the Municipality adopts a process plan for the compilation of the Annual report for the preceding year. The 2010/11 annual report compilation has followed the same process. this process is guided by the legal provisions as contained in both the Municipal Systems Act no 32 of 2000 and Municipal Finance Management Act no 56 of 2003.

The Annual report, as alluded to in the mayor' foreword, provides an opportunity to look back, draw lessons and chart a way forward. It forms the basis of planning going forward.

### 2.6 RISK MANAGEMENT

#### RISK MANAGEMENT

MFMA S62 (i) (c) requires a municipality to have and maintain an effective, efficient and transparent system of risk management.

Enterprise Risk Management is a process, affected by the Board, Executive Management and personnel, applied in strategy setting and across the operations of the enterprise, designed to identify potential events

---

that may affect the entity, and manage risk to be within its risk appetite, to provide reasonable assurance regarding the achievement of entity objectives

The objectives of the Risk and Security Management Unit are to assist the municipality to:

- Provide a level of assurance that current significant risks are effectively managed;
- Improve business performance by assisting and improving decision making and planning;
- Promote a more innovative, less risk averse culture in which the taking of calculated risks in pursuit of opportunities to benefit the organization is encouraged; and
- Provide a sound basis for integrated risk management and internal control as components of good corporate governance.

Below are the municipality's top five Strategic risks.

Grant dependency/ financial viability

Availability and reliability of information.

Business interruptions

Poor performance by contractors/3rd parties

Clarity of roles between administration and political office bearers

### 3.8 TRANSPORT (INCLUDING VEHICLE LICENSING & PUBLIC BUS OPERATION)

#### INTRODUCTION TO TRANSPORT

The municipality has been appointed as a Registering Authority in 2008 whereby it started performing registration and Licensing of motor vehicle transactions. The establishment of Registering Authority has shortened the distance for communities to travel long to Polokwane and Mogalakwena municipalities and this has been appreciated by our communities as a great achievement. The unit has Two Enatis Clerk and One Licensing officer.

T3.8.1

#### Concerning T3.8.2

In 2009 we noticed a high demand of Driving license from the communities after realizing importance of our Registering Authority in licensing and registration of motor vehicles we then apply for Driving license Testing Centre grade D whereby we test learners license of any code, knowing that our objective is not fully met we are in the process of application for grade B DLTC and grade B VTs (Vehicle Testing Station). The Unit has Three Examiners.

COMMENT ON LOCAL ECONOMIC DEVELOPMENT PERFORMANCE OVERALL:

Many developmental challenges still remain precisely because of the financial constraints. The municipal strategy is being frustrated by the fragmentation of development implementation and approach. Aganang LED strategies and job creation targets which are also being informed by the national government 2014 millennium goals needs to be fulfilled.

T4.5.4

## COMPONENT D: MANAGING THE WORKFORCE EXPENDITURE

### INTRODUCTION TO WORKFORCE EXPENDITURE

The Municipality has got crucial duty to manage workforce expenditure, to manage the pressures to overspend and how spending is controlled (e.g. within approved establishment and against budget and anticipated vacancy rates arising from turnover). And to also optimise the utilisation of the workforce with a view to obtain value for money. The below workforce expenditure relate to the actual expenditure incurred on the salaries of the employees.

T4.6.

### 4.6. EMPLOYEE EXPENDITURE

The total employee related costs for the report period is 32 021 564 and 27 472 538 for the previous financial year. Included in the above figures are the salaries and wages, contributions for UIF, acting allowances, subsistence and travelling allowance, overtime payments, back-payments, performance and other bonuses.

COMMENT ON WORKFORCE EXPENDITURE:

The workforce expenditure during the report period was impacted by the annual salary increment, the vacancy rate as well as the subsistence and travelling allowance.

## 5.10 BORROWING AND INVESTMENTS

### INTRODUCTION TO BORROWING AND INVESTMENTS

The municipality do not have borrowings.

The municipality only has investments that are used to earn more interest. Once we receive money like the equitable share and MIG grants, the municipality usually transfers the money into investments accounts as

# Chapter 5

especially that the money comes in a big volume and at the time; usually don't need the whole money immediately. This assists the municipality to earn more interest. We only do the deposit in banks for our investment.

<b>Annual Report</b>	A report to be prepared and submitted annually based on the regulations set out in Section 121 of the Municipal Finance Management Act. Such a report must include annual financial statements as submitted to and approved by the Auditor-General.
<b>Approved Budget</b>	The annual financial statements of a municipality as audited by the Auditor General and approved by council or a provincial or national executive.
<b>Baseline</b>	Current level of performance that a municipality aims to improve when setting performance targets. The baseline relates to the level of performance recorded in a year prior to the planning period.
<b>Basic municipal service</b>	A municipal service that is necessary to ensure an acceptable and reasonable quality of life to citizens within that particular area. If not provided it may endanger the public health and safety or the environment.
<b>Budget year</b>	The financial year for which an annual budget is to be approved – means a year ending on 30 June.

# GLOSSARY

<b>Cost indicators</b>	The overall cost or expenditure of producing a specified quantity of outputs.
<b>Distribution indicators</b>	The distribution of capacity to deliver services.
<b>Financial Statements</b>	Includes at least a statement of financial position, statement of financial performance, cash-flow statement, notes to these statements and any other statements that may be prescribed.
<b>General Key performance indicators</b>	After consultation with MECs for local government, the Minister may prescribe general key performance indicators that are appropriate and applicable to local government generally.
<b>Impact</b>	The results of achieving specific outcomes, such as reducing poverty and creating jobs.
<b>Inputs</b>	All the resources that contribute to the production and delivery of outputs. Inputs are "what we use to do the work". They include finances, personnel, equipment and buildings.
<b>Integrated Development Plan (IDP)</b>	Set out municipal goals and development plans.
<b>National Key performance areas</b>	<ul style="list-style-type: none"> <li>• Service delivery &amp; infrastructure</li> <li>• Economic development</li> <li>• Municipal transformation and institutional development</li> <li>• Financial viability and management</li> <li>• Good governance and community participation</li> </ul>
<b>Outcomes</b>	The medium-term results for specific beneficiaries that are the consequence of achieving specific outputs. Outcomes should relate clearly to an institution's strategic goals and objectives set out in its plans. Outcomes are "what we wish to achieve".
<b>Outputs</b>	The final products, or goods and services produced for delivery. Outputs may be defined as "what we produce or deliver". An output is a concrete achievement (i.e. a product such as a passport, an action such as a presentation or immunization, or a service such as processing an application) that contributes to the achievement of a Key Result Area.

# GLOSSARY

<b>Performance Indicator</b>	Indicators should be specified to measure performance in relation to input, activities, outputs, outcomes and impacts. An indicator is a type of information used to gauge the extent to which an output has been achieved (policy developed, presentation delivered, service rendered)
<b>Performance Information</b>	Generic term for non-financial information about municipal services and activities. Can also be used interchangeably with performance measure.
<b>Performance Standards:</b>	The minimum acceptable level of performance or the level of performance that is generally accepted. Standards are informed by legislative requirements and service-level agreements. Performance standards are mutually agreed criteria to describe how well work must be done in terms of quantity and/or quality and timeliness, to clarify the outputs and related activities of a job by describing what the required result should be. In this EPMDS performance standards are divided into indicators and the time factor.
<b>Performance Targets:</b>	The level of performance that municipalities and its employees strive to achieve. Performance Targets relate to current baselines and express a specific level of performance that a municipality aims to achieve within a given time period.
<b>Service Delivery Budget Implementation Plan</b>	Detailed plan approved by the mayor for implementing the municipality's delivery of services; including projections of the revenue collected and operational and capital expenditure by vote for each month. Service delivery targets and performance indicators must also be included.
<b>Vote:</b>	<p>One of the main segments into which a budget of a municipality is divided for appropriation of money for the different departments or functional areas of the municipality. The Vote specifies the total amount that is appropriated for the purpose of a specific department or functional area.</p> <p>Section 1 of the MFMA defines a "vote" as:</p> <p><i>a) one of the main segments into which a budget of a municipality is divided for the appropriation of money for the different departments or functional areas of the municipality; and</i></p> <p><i>b) which specifies the total amount that is appropriated for the purposes of the department or functional area concerned</i></p>
